Electronic Monitoring Program for DUI Offenders

The Department of Corrections (DOC) provides eligible offenders the opportunity for supervised reintegration through home confinement and community based treatment and support programs. (4-APPFS-2C-04) All offenders placed into supervised reintegration shall be subject to continuous monitoring through the use of electronic monitoring technology and shall be supervised by probation and parole officers. This procedure sets forth the eligibility criteria and the referral process for placement and supervision of offenders on the Electronic Monitoring Program for DUI offenders. (4-APPFS-2A-06)

I. Electronic Monitoring Program for DUI Offenders Criteria

A. Eligibility Criteria

To be considered for placement, offenders must be community corrections eligible in accordance with [OP-060104](#) titled "Community Corrections Assessment." Offenders assigned to minimum security and who have completed an approved substance abuse treatment program may be considered for placement if they meet the following eligibility criteria:

1. Has a current conviction(s) for a violation of 47 O.S. § 11-902; which is driving, operating, or being in the actual physical control of a motor vehicle while under the influence of alcohol or other intoxicating substance.
 - a. If an offender has current misdemeanor convictions for driving related offenses such as driving under suspension or reckless driving, such convictions will not exclude the offender from placement, but should be considered in evaluating the offender's risk to the public.
 - b. Offenders cannot have concurrent or consecutive cases with a sentence of incarceration for any other offense;
2. Shall have an approved home offer and must be able to remain in the home for at least 90 days. Motels or other temporary housing arrangements are not acceptable;
3. Must have a viable means of transportation to and from treatment and work;
4. Must have a working "land-line" telephone in the residence. Cell phones are not acceptable. Digital telephone lines may require a DSL filter. If required, the filter will be provided by the offender;
5. Has completed a Department of Mental Health Substance Abuse Services (DMHSAS) approved substance abuse treatment program during this incarceration, but not longer than three years prior to placement on the Electronic Monitoring Program for DUI Offenders; and

6. Placement to the program does not require verified employment, but the offender must obtain employment approved by the supervising officer within 30 days of release to the program.
 - a. If the offender has documented means of support, such as Social Security income, disability income, retirement income or other comparable means of support, it may be accepted in lieu of sustainable employment.
 - b. Offenders who are receiving veteran's benefits or who are eligible for those benefits to be reinstated will be considered on a case by case basis.

B. Exclusionary Criteria

The director of the Department of Corrections will exercise discretion in selecting eligible offenders for assignment to the Electronic Monitoring Program for DUI Offenders; however, the following offenders will not be eligible for assignment to the program:

1. Offenders convicted of a violent offense within the previous ten years ([Attachment E](#), attached);
2. Offenders who have been previously removed from PPCS, EMP, SSP, or GPS due to violation of the established rules and conditions;
3. Offenders deemed by the department to be a security risk or a threat to the public; and/or
4. Offenders requiring medical or other services or programs not available in a community setting as determined by the department.

C. Eligibility Review Process (2-CO-4B-01, 4-APPFS-2C-01)

1. Upon determining the eligibility of offenders who have completed an approved treatment program, or 30 days prior to the anticipated completion of the treatment program, facility staff shall obtain and submit, to the supervising district, a proposed home offer for verification (as outlined in Section I. item D. of this procedure) and complete and submit the following placement packet to the facility classification team for review and placement recommendation:
 - a. "Facility Assignment Form" ([DOC 060204A](#));
 - b. "Custody Assessment Form" ([DOC 060103A \(M\) \(F\)](#));
 - c. Rap Sheets (to include FBI, OSBI, DPS), NCIC/JOLTS Teletype, local jurisdiction records checks, to include the municipality in which the offender intends to reside, as well as the municipality in which the offender resided at the time of the commission of the current offense);

Section-06 Classification	OP-061002	Page: 4	Effective Date: 08/26/2014
---------------------------	-----------	---------	----------------------------

- d. "Activity /Housing Summary" (located in the electronic health record (EHR);
 - e. "Offender Profile Screening Form" (OMS 0081D);
 - f. "Consolidated Record Card" (CRC) – Current cards front and back (All prior CRC's front only ([DOC 060211H](#)));
 - g. "Rules and Conditions of Electronic Monitoring Program for DUI Offenders" ([Attachment D](#), attached);
 - h. "Notice for Offenders Assigned to the Electronic Monitoring Program for DUI Offenders" ([Attachment F](#), attached);
 - i. "Offender Orientation" ([Attachment B](#), attached);
 - j. "EMP Residence and Employment Verification" ([Attachment G](#), attached);
 - k. "EMP Packet Checklist" ([Attachment L](#), attached); and
 - j. "Documentation of Completion and Readiness" ([Attachment J](#), attached).
2. Once an offender has completed a treatment program, the treatment provider will provide DOC staff with written documentation of successful completion, indicating that the offender is appropriate for program placement utilizing the "Documentation of Completion and Readiness" ([Attachment J](#)). This documentation will be included with the placement packet.
- a. Acceptable documentation may be a certificate of completion or a letter/memo from the treatment provider documenting that the offender has successfully completed the required treatment program.
 - b. The treatment provider will complete a discharge plan containing specific aftercare treatment recommendations for the offender. The DOC program director will forward a copy of the offender's discharge plan and completion certificate to the appropriate case manager. The discharge plan and completion certificate will be included in the classification packet.

D. Residence Verification Process

Upon determining eligibility of offenders who have completed an approved treatment program, or 30 days prior to the anticipated completion of the treatment program, facility staff will submit the offender's proposed home offer as follows:

1. The "Electronic Monitoring Program for DUI Offenders Residence Verification Request" ([Attachment G](#)) will be submitted by the facility to the district having jurisdiction over the proposed residential offer. The district shall ensure the verification request is assigned to a field officer for verification of the proposed residence and completion of a records check.
2. It will be the responsibility of the district where the offender proposes to live to investigate and verify the proposed home offer by conducting an on-site inspection of the residence and conduct a records check for outstanding warrants, to include municipal jurisdictions. District staff will notify the facility electronically within seven working days of receiving the placement request and will make a recommendation as to the suitability of the proposed home offer.
 - a. Any outstanding felony warrants will be cause for denial of placement, by the Electronic Monitoring Program Coordinator, until the warrants have been resolved.
 - b. An outstanding warrant will not be sufficient cause for denial of the home offer. If a felony warrant is discovered, the district will provide all information regarding the outstanding warrant(s) to the facility. The facility will be responsible for determining if a detainer has been filed or requested. Once the warrant/detainer has been resolved or arrangements have been made for resolution (for fines and costs) the residence verification may be re-submitted to the district of jurisdiction for approval.
 - c. If the offender has a misdemeanor warrant and no detainer has been filed, the placement packet will be submitted to the Electronic Monitoring Program Coordinator for review and placement consideration.

E. Placement Process

Once the residence verification has been completed and approved, the placement packet shall be submitted to the Electronic Monitoring Program coordinator in the division of Community Corrections for review and placement recommendation. Upon completion of the review, if placement is approved, the packet will be submitted to the Population Office for final approval and placement. Transfer shall be confirmed by the Population Office via an electronic message with the placement date. If placement is denied, the packet will be returned to the facility.

On the date an offender is approved for transfer:

1. The facility will conduct a drug and alcohol test on the offender within 24 hours prior to transfer to the supervising district and

placement on any electronic monitoring device. If the test is positive, the offender's transfer to the Electronic Monitoring Program for DUI Offenders shall be canceled by immediately notifying the Population Office and the receiving district.

2. The facility will ensure a current photograph is taken of the offender and entered into the Offender Management System (OMS).
3. If the offender is currently prescribed prescription medication, the offender will be issued a 14 day supply of the medication.
4. The facility records office shall notify the business office of pending transfers as soon notification of the transfer is received. The business office shall ensure the offender is issued a check for any funds in his/her draw account and all funds from the mandatory savings account.
5. The facility shall ensure the offender has transportation to the supervising district. The field file will be transferred to the supervising district. Any (hard copy) medical files of offenders assigned to the program will be maintained by the closed records medical unit. If an offender is returned to a facility due to removal from the program, the receiving facility will request the medical file from the medical closed records unit as required.
6. The offender will be given reporting instructions to include the date and time to report as well as the district office or sub-office location. The offender may be approved for an "escorted leave" per [OP-031001](#) entitled "Offender Escorted Leave/Activities," for the purpose of initial reporting to the supervising district. The leave should allow sufficient travel time, based on mode of transportation, from the facility to the supervising district. (4-APPFS-2C-03)
7. All movement to the Electronic Monitoring Program for DUI Offenders shall occur on Tuesdays and Thursdays with a reporting time at the district of 2:00 p.m.
8. All monitoring equipment will be installed on the offender by the local district upon the offender's initial reporting on the day of release. The district responsible for installing the equipment will ensure the equipment is activated and functioning properly prior to giving the offender reporting instructions to the supervising district.
9. The supervising district shall notify the Restitution and Accounting Unit of all placements into the Electronic Monitoring Program for DUI Offenders within 48 hours of transfer.

II. Offender Supervision

Community corrections districts will be responsible for the administration and supervision of offenders assigned to the Electronic Monitoring Program for DUI

Offenders program. - A. Upon reception to the supervising district, the offender shall receive orientation to the program which shall include a review of the "Rules and Conditions" ([Attachment D](#)) of the program, a review of the electronic monitoring equipment, supervision expectations and other areas as determined by [OP-160103](#) entitled "Supervision of Community Offenders" and [OP-161001](#) entitled "Specialized Programs Case Management." The supervising officer will ensure the monitoring equipment is working properly and verify the accuracy of the offender enrollment information.

The district shall immediately notify the facility of any offender who has failed to report for initial orientation on the scheduled movement date.
 2. All escape procedures to include locator attempts, disciplinary process and filing of charges will be the responsibility of the host district.
- B. During the first 12 months of supervision, the supervising officer shall have weekly face to face contact with each offender assigned for supervision, with at least two of those contacts each month being at the offender's residence. Once the offender has one year of documented sobriety and no program violations, contact requirements may be reduced through a staffing and with approval by the district supervisor.
 1. Subsequent contact requirements may not be reduced to fewer than two face to face contacts per month with one being conducted at the offender's residence.
 2. Offenders will be required to comply with the aftercare treatment plan recommended by the treatment facility.
- C. Upon assignment to the program and after completion of the initial assessment, a transition plan shall be developed in accordance with [OP-160103](#) titled "Supervision of Community Offenders." If the offender has no identified criminogenic needs after administering the LSI-R, the guidelines for supervision will be negotiated and documented in a transition plan. The plan will include the recommended aftercare treatment program. The aftercare plan shall not be modified without concurrence from the treatment provider.
- D. The supervising officer shall monitor the offender's activities and compliance with rules and conditions through use of daily electronic monitoring reports. Any violations shall be addressed with the offender as

they are identified with appropriate corrective action as warranted and sanctions applied as required. Information regarding violations will be documented in the case notes. All violations and alerts will be responded to in a timely manner and as directed by vendor communications.

- E. Offenders may be placed at a halfway house or community corrections facility (to include a community work center) as an intermediate sanction to address non-compliant behavior. (4-APPFS-2C-05) Such placement shall be negotiated utilizing the "Imposition of Intermediate Sanctions" form ([Attachment I](#), attached). (4-APPFS-2B-11)
1. During such placement, the assigned officer shall maintain weekly contact with the offender or the assigned facility case manager to monitor the offender's progress. All such placements shall be communicated to the Population Office prior to the placement.
 2. The duration of placement shall be appropriate for the behavior, but shall not exceed 30 days, unless the offender is placed for specific program placement. If placement is for specific program placement, the duration shall not exceed the time required to complete the program.
 3. During such placement, the offender may be approved to continue working on an approved job, if approved by the district supervisor. Upon completion of the placement, if the offender remains eligible, he/she may be returned to the program by the district supervisor.
 4. If the offender refuses placement at the halfway house or community corrections facility, removal proceedings shall be initiated pursuant to [OP-060125](#) entitled "Department Offender Disciplinary Procedures." Additional sanctions may be applied to include reduction of earned credit level, increased reporting, increased treatment participation, increased restrictions on movement, increased curfew, use of continuous alcohol monitoring technology, etc.
- F. All offenders assigned to the program must maintain full-time employment or must have a documented means of support as defined in this procedure. With the approval of the district supervisor, offenders who are unemployed for more than two weeks may be removed from the program.
- G. All offenders assigned to the program shall be placed on a curfew approved by the supervising officer with allowances for work and treatment. All offender time shall be structured and conducive to successful transition activities.

No offender on the Electronic Monitoring Program for DUI Offenders will be allowed to operate a motor vehicle unless the offender has one year of documented sobriety, no program violations, has agreed to installation of an ignition interlock device on the vehicle, has a current drivers' license issued by the Oklahoma Department of Public Safety, has verification of

valid insurance on the vehicle, and has been approved by the district supervisor.

One year of sobriety will be defined as no use of alcohol or other intoxicating substances during the 12 months subsequent to initial assignment to community supervision and compliance with the required aftercare treatment program.

1. Driving privileges may be approved for only one specific vehicle to which the offender has access and for which the required documentation has been provided.
2. Approval for driving privileges shall be requested from the district supervisor via a special report which shall include verification of eligibility and the justification for the offender's need to drive.
 - I. Offenders will be held liable for any damages or theft to the electronic monitoring equipment other than normal wear. The supervising officer will request the district attorney file felony (or misdemeanor) charges for destruction or theft of electronic monitoring equipment.
 - J. Electronic equipment utilized may include continuous alcohol monitoring technology, global position satellite (GPS) monitoring technology, radio frequency monitoring technology, ignition interlock technology, and other electronic monitoring equipment as approved by the department. Any of the available electronic monitoring equipment may be utilized as an intermediate sanction if the offender exhibits non-compliant behavior. Any of the available forms of electronic monitoring equipment, as approved by the department, may be used as an incentive for compliant behavior. (4-APPFS-2E-01)

III. Classification

Offenders assigned to the program will be assigned to the highest earned credit level for which they are eligible. Modification of the earned credit level shall be in accordance with [OP-060203](#) entitled "Adjustment Review" and [OP-060107](#) entitled "Systems of Incarceration."

- C. Upon receipt of approval, the supervising officer shall submit the "Facility Assignment Form" and the "Case Transfer Notice" to the team supervisor who will ensure the approved request is submitted to the records unit.
- D. The records unit shall submit the "Facility Assignment Form" to the Population Office for approval. Upon receiving approval for transfer from the Population Office via the state-wide move list, the sending district shall enter the approved transfer into the Offender Management System (OMS) for transfer on the approved date. The supervising officer shall notify the requesting offender of the status of the transfer request.

 - 1. The offender may be placed in a transit detention unit pending the disposition of the misconduct, if conditions warrant such placement.
