Prisoners Public Work Contract and Assignment of Inmates to Public Works Programs

As authorized by state law, inmates under the authority, custody or care of a prison or community-based facility, operated by the Oklahoma Department of Corrections (ODOC) may be assigned to municipalities, counties, other state or federal agencies, or political subdivisions for the purpose of working on projects in the public interest. (2-CO-5A-01, 5-ACI-7A-04, 4-ACRS-6D-01)

Inmates will not normally be assigned to projects on other than public property; the only exception being when the project is for the benefit of the public or the exercise of a governmental function. The affected administrator will evaluate each situation on statutory and legal authority. Consideration will be given to the nature of the project, whether an emergency exists, and significance to the people of the State of Oklahoma. (4-ACRS-7F-07)

I. Definitions

A. Public Works Programs

An ongoing project, or projects of lesser durations, that use confined or community security inmates to provide labor to a public agency for the betterment of the public.

B. Warden's Crew Work Projects (Institutions)

A special project of three-week duration or less that uses confined inmates from a single facility to provide labor to eligible public agencies that serve the community interest.

C. Public Agency

A board of county commissioners, a municipality, or any agency of the State of Oklahoma or the United States or any subdivision thereof.

II. Purpose

The purpose of this procedure is to establish the process for the request, approval and operation of ODOC Prisoners Public Works Programs (PPWP). It is the policy of the agency to provide inmate labor for the purposes of: developing lands pursuant to a public works program; providing improvement and beautification; aiding inmates' transition between confinement and society, thus reducing recidivism; and similar purposes, which serve the public interest. (5-ACI-1A-11, 5-ACI-7A-05, 4-ACRS-7F-07)

A. Benefit to the Community

PPWP projects will be performed for the convenience, safety, or welfare of the entire community. Inmate labor will be utilized to fulfill community projects as well as saving taxpayer dollars without displacement of current jobs.

B. Benefit to the Inmate (4-ACRS-6D-01, 4-ACRS-6D-02)

It is the goal of the agency that participation in the program will benefit the inmate by:

1. Demonstrating the inmate's willingness to become a useful, productive citizen;
2. Encourages the inmate to make restitution to the victims of their crimes(s) and/or to the community; (4-ACRS-6D-02)
3. Serving as a deterrent to crime for the inmate and serve as an example to others that there is a consequence to unlawful behavior;
4. Providing rehabilitation and skill training; (5-ACI-7A-05)
5. Providing meaningful work opportunities for the inmate; and
6. Serving as a restorative sanction to the community.

III. Contract Agreements (5-ACI-1A-11)

A. Institutional Public Works Programs

Public agencies desiring to participate in a PPWP will be required to submit an "Application for Prisoner Public Works Program Inmates" ([Attachment I](#), attached) before entering into a written contract with ODOC. Contract renewals with any modifications will require a new application to be submitted before the contract is changed. PPWP contracts will specify the standards of performance required for both parties. Facilities will receive contract renewal instructions and updated fees no later than April 15 each year so that contracts can be prepared and submitted to contracting public agencies no later than May 1.

1. The appropriate administrator will designate facility/host facility assignments for all PPWP crews. The affected facility head will review the applications and sign the standardized public agency contracts for their facility before forwarding to the appropriate deputy director.
2. The appropriate administrator will approve all contracts in their region before forwarding to the office of the General Counsel.
3. The "Prisoners Public Works Project Contract" ([Attachment A](#), attached) is the approved contract for all public works projects, as approved by the office of the General Counsel.
4. To determine the public agency's monthly amount in paragraph number six of the "Prisoners Public Works Project Contract" ([Attachment A](#), attached), multiply the number of inmates requested for the public works project (paragraph number four of the PPWP contract) by \$135.00 which is the base cost and a ten-percent

administrative fee for each inmate requested for the crew. The base cost will be evaluated and updated annually or as needed to reflect current costs to the agency.

- a. Any modification to the basic contract or any questions concerning the contracting entity must be reviewed and addressed by the General Counsel.
 - b. Any amendment/addendum to an existing contract. will be approved by the General Counsel.
5. The appropriate administrator or facility head will ensure that the contract specifies the location and nature of the work to be performed and that the contract is with a public agency.
 6. When a "Prisoners Public Works Project Contract" ([Attachment A](#), attached) has been executed by all parties, the appropriate administrator will forward a copy of the contract to the general counsel. The General Counsel will maintain a repository of all approved contracts.

B. Contracts and Agreements

All services provided by work crews will be in accordance with the "Prisoners Public Works Project Contract" ([Attachment A](#), attached) or the "Oklahoma Department of Corrections Special Project Agreement Form" ([Attachment B](#), attached). Both parties agree and understand that inmates will not displace any employee of the public agency nor will they reduce the employment opportunities of any eligible and qualified citizens.

1. Special Projects

The length of each special project request, as provided on the "Oklahoma Department of Corrections Special Project Agreement Form" ([Attachment B](#), attached), will normally be no longer than three weeks from start to finish. Any extension of time that would require the project beyond six weeks will require approval by the administrator of Community Corrections. The facility will provide the items listed on the "Prisoners Public Works Program Equipment Needs" form ([Attachment E](#), attached).

2. Statewide contracts (e.g., DOT, DPS, etc.) time frame(s) will be specified in terms of the contract and may be extended by approved contract addendum(s).
3. In circumstances where a contractual number of inmates are not able to be supplied on a consistent term, an addendum to the contract may be agreed upon by the facility and the public agency to reduce

the number of inmates originally agreed upon by utilizing the “Addendum to the Prisoners Public Works Project Contract” ([Attachment A-1](#), attached)

IV. Selection and Assignment of Inmates

A. Inmate Criteria

1. All inmates must be assigned minimum or community security.
2. The facility classification committee will determine participation.
3. Prior to an inmate being assigned to a PPWP work crew, staff will review the “Individual Health Activity Profile (IHAP)” ([DOC 140113C](#)) for any work-related restrictions. A copy of the “Individual Health Activity Profile (IHAP)” ([DOC 140113C](#)) will be provided by the medical unit within five working days of the request by facility staff.
4. Facility staff will complete the “PPWP Screening Form” ([Attachment D](#), attached) for inclusion in the PPWP packet.

B. Exclusions

Inmates who meet any of the following criteria will be excluded from participation in any PPWP project as listed below per 57 O.S. § 216. and the “Sex Offenders Registration Act” (57 O.S. § 581. et seq.):

1. Deemed to be a threat to public safety;
2. Escape history to include: escape or attempt to escape from a correctional facility within the last ten years; escape from a city/county jail or from the custody of a police officer/sheriff. This does not include absconders from supervision, bail jumping/AWOL from House Arrest, PPCS, EMP or SSP;
3. Ever convicted of any sex crime, as defined by the “Sex Offenders Registration Act,” Murder I, Murder II, Manslaughter First Degree or any crime against a child (excluding failure to pay child support or contributing to the delinquency of a minor) or any attempt/solicitation conspiracy of these crimes;

For community corrections only, and only with the approval of the administrator of Community Corrections, inmates convicted of Murder I, Murder II, or Manslaughter in the First Degree, and who are placed at community corrections as a result of a parole stipulation, may be placed on a PPWP work crew that is directly supervised by an ODOC employee;

4. Current or past history of domestic violence; history will be defined as two or more misdemeanor or felony domestic violence convictions.
 - a. With the approval of the facility head, inmates with a current or past history of domestic violence may only be approved for assignment to a PPWP work crew if the crew is directly supervised by an ODOC employee.
 - b. Inmates assigned to community corrections with a current or past history of domestic violence may be approved for assignment to a PPWP crew at the discretion of the facility head/designee; or
5. Override from medium or maximum security.
6. Inmates with active protective orders or felony convictions for stalking in the county where they are being housed or in the county where the PPWP crew works.

C. Institutional Programs (Minimum Security)

1. The following criteria apply:
 - a. No more than 7,300 days total left to serve (combination of all cases);
 - b. Has no outstanding felony detainers, felony warrants, revocations, or felony charges pending; and
 - c. Has no violent offenses (inmates with violent offenses must be directly supervised by agency staff).
2. The following will also be considered in the determination whether an inmate will be assigned to a work crew:
 - a. Past disciplinary history;
 - b. Work history;
 - c. Possession of contraband in accordance with [OP-040109](#) entitled "Control of Contraband and Physical Evidence";
 - d. Recent assignment to minimum security from a lower security level;
 - e. Current institutional adjustment; and

- f. Mental or psychological conditions as indicated on the “Individual Housing Activity Profile (IHAP)” ([DOC 140113C](#)).
- g. Additional factors to be considered are:
 - (1) Problems at home and with family;
 - (2) Problems with other inmates at the facility;
 - (3) Problems interacting with staff; and
 - (4) Personal hygiene and appearance.

D. Community Programs

The following will be considered when determining inmate assignments to a community program:

1. Inmate Assignment to Non-Agency Supervised Work Crews — Community
 - a. Preferably earned credit class level three or four. Earned credit class level one and two inmates will be considered on a case-by-case basis for assignment to this type of work supervision;
 - b. Excellent to outstanding work evaluation;
 - c. Excellent to outstanding personal hygiene and appearance;
 - d. No recent misconduct history of a serious nature;
 - e. Good to excellent attitude, behavior, and emotional stability; and
 - f. Excellent to outstanding interaction with staff, other inmates, and visitors.
2. The contracting public agency will contact the facility when requesting inmate services. The facility will ensure the inmate population is reviewed by the facility classification team for suitable candidates that meet the following criteria:
 - a. No class “A” or “X” misconducts in the proceeding 60 days;
 - b. Not in one of the exclusionary categories; and

- c. Inmates will be screened for any medical conditions that would preclude assignment to the program and will be approved by medical staff prior to assignment.
3. Contracting public agencies may interview eligible inmates prior to assignment. Such interviews will be conducted through the designated staff member.

E. Approval or Denial

1. Institutions

All inmates assigned to a PPWP work crew must be reviewed and approved, in writing, by the warden (no designee).

2. Community Corrections

- a. The facility head or designee will approve all inmates assigned.
- b. Special circumstances may require the approval of the administrator of Community Corrections, as outlined in Section IV. B. item 3. of this procedure.

V. Inmate Management Requirements

A. Removal From Program

Any inmate may be removed from participation for inappropriate behavior (e.g., horseplay, disrespect to staff or public, and/or other similar acts) or disciplinary violations.

B. Supervision

1. ODOC security will be provided for the custody and control of all inmates assigned to institutional (Warden's Crew) PPWP crews. Crews will not exceed one agency staff member for each ten inmates.
2. Public agency employees supervising an inmate crew, for any period of time, must be approved by the facility head following completion of a favorable criminal background check and with documentation of required training as outlined in VII. item D. below. Approval of the criminal background check will be indicated with a note and facility head's signature on the criminal background records check. The inmates will be checked out to the agency employee by the supervising ODOC staff person.

3. Supervision and security counts of all PPWP work crew inmates will be in accordance with OP-040101 entitled "Facility Security Standards."
4. Transportation of the inmate to the work site will be the responsibility of the public agency and coordinated by the facility/host facility's designated staff member as specified in the contract agreement.
5. The facility/host facility coordinator will ensure that inmates assigned to the program have read and signed the "Inmate Guidelines and Rules for Prisoners Public Works Program" ([Attachment F](#), attached). The original will be placed in the inmate's field file.

VI. Health and Safety

Projects which involve any activity that may expose the inmate to occupational health hazards (e.g., lead paint and asbestos fibers) must be reviewed by a facility safety consultant or the Environmental Health and Safety unit to ensure safety equipment and training is provided. This review will be submitted in writing to the facility head with any recommendations for ensuring proper health and safety precautions/protection are available. The facility head and the safety consultant/Environmental Health and Safety unit will ensure that the affected unit manager and crew supervisor are made aware of the safety requirements and receive a copy of the recommendation.

Proper safety equipment, in accordance with Occupational Safety and Health Administration (OSHA) standards, will be provided and worn by inmates assigned to PPWP crews in accordance with "Prisoners Public Works Program Equipment Needs" ([Attachment E](#), attached).

A. Training

1. The public agency is required to provide safety training and related instruction and other equipment necessary to assist the inmate in safely accomplishing the work tasks. The public agency will provide documentation of such training to the facility head.
2. Training associated with the use of lawn equipment, power tools and hand tools must meet OSHA and Department of Labor standards, and this training can be conducted without the agency's review of the curriculum. Training associated with the use of any heavy equipment (e.g., backhoes, dozers, tractors and implements, frontend loaders, excavators, skid loaders etc.) will require the public agency to provide the training curriculum to the facility safety consultant or the Environmental Health and Safety unit for approval prior to the public agency's training and allowing inmates to use this equipment.

B. Communication

The facility head/public agency will ensure proper communication equipment (radio, telephone and other similar forms) is assigned to the officer/person in charge of the work crew in the event of an emergency.

VII. Monitoring and Accountability

A. Reporting of Noncompliance

The facility/host facility will report all instances of non-compliance with the "Prisoners Public Works Project Contract" ([Attachment A](#), attached) to the appropriate administrator, whether on the part of the contracting public agency or ODOC.

The contract monitor assigned to the halfway house will report all instances of non-compliance to the appropriate administrator.

B. Communication Responsibilities

The facility/host facility will ensure the contracting public agency is aware of all responsibilities described in the "Prisoners Public Works Project Contract" ([Attachment A](#), attached). The facility/host facility will also ensure the contracting public agency is made aware of all relevant ODOC policies and procedures and any changes in such procedures.

C. Violation of Service Agreements

Any violation of the terms of the "Prisoners Public Works Project Contract" ([Attachment A](#), attached) may be grounds for termination of the agreement and the immediate removal of assigned inmates. The service agreement may also be cancelled or temporarily suspended if the facility/agency becomes aware of safety or supervision issues that may jeopardize safety or security of the public, facility/host facility, public agency or inmates.

D. Training

1. Facility heads will ensure all PPWP work crew supervisors (ODOC and civilian) attend training prior to supervising a work crew and on at least an annual basis thereafter.

a. The training will consist of all information outlined in "Guidelines and Rules for Supervisors of Prisoner Public Works Programs" ([Attachment G](#), attached), "Use/Operation of Equipment and Machinery" ([Attachment G-1](#), attached), [OP-030601](#) entitled "Oklahoma Prison Rape Elimination Act" and any facility specific information/criteria.

b. Each supervisor of a PPWP crew will sign a verification receipt, acknowledging that they have read and understands the guidelines.

2. Facilities will develop post orders for ODOC crew supervisors to include guidelines in "Guidelines and Rules for Supervisors of Prisoner Public Works Programs" ([Attachment G](#), attached) and in accordance with [OP-040102](#) entitled "Master Roster and Post Order Guidelines."

VIII. Invoicing the Public Agency

A. The facility will submit an invoice to the public agency once a month using the "Prisoner Public Works Program Invoice" ([Attachment H](#), attached).

B. An electronic version of the "Prisoner Public Works Program Invoice," ([Attachment H](#), attached), can be obtained from the chief financial officer or designee.

X. Action

The administrators are responsible for compliance with this procedure.

The chief administrator of Community Corrections and Contract Services is responsible for the annual review and revisions.

Any exceptions to this procedure will require prior written approval from the agency director.

This procedure is effective as indicated.
