

OKLAHOMA GUIDELINES FOR HEALTH CARE PROCEDURES AT SCHOOL

Oklahoma State Department of Health
2019

Acknowledgements

The Guidelines for Health care Procedures in Schools was produced with funding provided by the Maternal and Child Health Service of the Oklahoma State Department of Health Title V Block Grant.

Special thanks are extended to the following people for their review and editing of this:

Gayle Black, RN	Oklahoma State Department of Health
Beth Roberson, RN	Norman Public Schools
Erin Harry, RN	Midwest City-Del City Public Schools
Karen Body, RN	Putnam City Public Schools
Kathy Bogumil, RN	Edmond Public Schools
LaRita Haffey, RN	Shawnee Public Schools
Paula Mitchell, RN	Yukon Public Schools
Rosanne Dover	Western Heights Public Schools
Barbara Smith, RN	Retired, Oklahoma State Department of Health

The Oklahoma State Department of Health has reproduced these health care procedures with the permission of the Virginia Department of Health.

Oklahoma Guidelines for Health Care Procedures in Schools

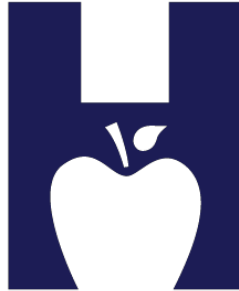

FORWARD

The Oklahoma State Department of Health (OSDH) is pleased to present the first edition of the *Guidelines for Health Care Procedures in Schools*, a resource document for school personnel.

The *Guidelines for Health Care Procedures in Schools* are intended to provide guidance to school administrators, school nurses, teachers, and other staff members on the care of students with special health care needs during the school day.

The *Guidelines* also present current, practical health information and recommendations for the development of local programs and policies related to health care services for these students.

Through these *Guidelines*, OSDH is committed to continued collaboration with the Oklahoma Department of Education to assure that all schools in the state have a safe and healthy learning environment.

Oklahoma State Department of Health

Table of Contents

Introduction	9
Chapter 1: Care of the Circulatory System	10
Circulatory System	11
Central Venous Access Devices	13
PICC Line Management	21
Heparin/Saline Lock--Intermittent Venous Access Device.....	23
Use of Needleless Systems and Safer Medical Devices	27
Chapter 2: Care of the Endocrine System	32
Diabetes.....	33
Diabetes Action Plans	46
Procedure for Blood Glucose Testing.....	46
Continuous Glucose Monitoring	49
Procedure for Mild or Moderate Low Blood Glucose	51
Glucagon	57
Procedure for Giving Glucagon for Severe Hypoglycemia.....	59
Procedure for High Blood Glucose.....	62
Procedure for Testing Urine Ketones	65
Procedure for Testing Blood Ketones	66
Insulin.....	68
Carbohydrate Counting and Correction Factors	71
Procedure for Insulin Administration by Syringe.....	74
Procedure for Insulin Pen Delivery System	77
Insulin Pump Therapy	80
Procedure for Hyperglycemia with Pump Therapy.....	86
Procedure for Hypoglycemia with Pump Therapy	86
Training for School Employees	88
Resources for Teachers, Child Care Providers, Parents, and Health Professionals	91
Chapter 3: Care of the Gastrointestinal System	93

Gastrointestinal System.....	94
Gastrostomy Tube	99
Procedure for Gastrostomy Tube Feeding— Continuous Feeding by Pump or Slow Drip Method	103
Skin-Level or Low Profile Gastrostomy Devices	116
Procedure for Skin-Level Gastrostomy Device (G-Button) Feeding—Bolus Method	120
Procedure for Skin-Level Gastrostomy Device (G-Button) Feeding—Slow Drip or Continuous Feeding by Pump.....	124
Jejunostomy Tube.....	134
Procedure for Jejunostomy Tube Feeding – Continuous Feeding by Pump.....	138
Colostomy.....	149
Procedure for Emptying a Colostomy	153
Procedure for Changing a Colostomy Pouch.....	155
Ileostomy.....	162
Procedure for Emptying an Ileostomy	166
Procedure for Changing an Ileostomy Pouch.....	168
Ileoanal Reservoir and Continent Ileostomy	174
Chapter 4: Care of the Musculoskeletal System and Mobility Care.....	176
Musculoskeletal System and Mobility Care	177
Physical Mobility Assistance.....	179
Procedure for Positioning a Student	181
Procedure for Assisting Student with a Cane.....	184
Procedure for Assisting a Student with Crutches	186
Procedure for Assisting a Student with a Walker	190
Procedure for Assisting a Student with a Wheelchair.....	192
Assisting a Student with a Prosthesis	196
Assisting a Student with an Orthosis.....	199
Procedure for Cast Care.....	202
Procedure for Principles of Good Body Mechanics	207
Chapter 5: Care of the Neurological System.....	211
Concussion Management.....	212

Procedure to Follow After a Possible Concussion.....	224
Seizure Management.....	228
Procedure for Managing a Seizure	238
Rectal Diazepam for Seizures.....	249
Procedure for Administering Rectal Diazepam.....	252
Vagal Nerve Stimulation for Seizures.....	254
Procedure for Activating Vagal Nerve Stimulation.....	257
Ventricular Shunt	259
Procedure for Monitoring a Ventricular Shunt	261
Chapter 6: Care of the Respiratory System.....	265
Respiratory System	266
Asthma	269
Peak Expiratory Flow Rate Monitoring	287
Procedure for Peak Flow Rate Monitoring.....	288
Procedure for Using a Metered Dose Inhaler (MDI).....	291
Procedure for Using Spacers with Metered Dose Inhalers.....	294
Procedure for Using Dry-Powder Inhalers.....	298
Nebulizer Treatments.....	300
Procedure for Nebulizer Aerosol Treatment.....	303
Oxygen Use.....	309
Procedure for Using a Nasal Cannula.....	315
Procedure for Using an Oxygen Mask.....	317
Pulse Oximetry.....	322
Procedure for Measuring Pulse Oximetry	325
Tracheostomy.....	329
Tracheal Suctioning.....	336
Procedure for Tracheal Suctioning Using One-Time Use Catheter	339
Tracheal Suctioning Using a Sleeved or Inline Suction Catheter	345
Tracheostomy Tube Changes	353
Procedure for Changing a Tracheostomy Tube	357

Procedure for Using Oxygen with a Tracheostomy Collar.....	363
Manual Resuscitation Bag	365
Procedure for Using a Manual Resuscitation Bag with a Tracheostomy	367
Nose and Mouth Suctioning	369
Procedure for Nose and Mouth Suctioning Using Suction Machine.....	371
Procedure for Nose and Mouth Suctioning with a Bulb Syringe	374
Chest Physiotherapy Postural Drainage and Percussion.....	378
Procedure for Manual Chest Physiotherapy (CPT).....	380
Procedure for Chest Physiotherapy (CPT) Using a Vest	384
Use of Mechanical Ventilators	386
Ventilator Safety Checks	390
Ventilator Parameters.....	393
Ventilator Modes.....	395
Ventilator Alarms.....	396
Checking the Ventilator	401
Chapter 7: Special Care Issues.....	403
Attention Deficit Hyperactivity Disorder (ADHD)	404
Management of ADHD	409
Managing Food Allergies in Schools	423
Managing Anaphylaxis	437
Responding to Anaphylaxis.....	444
Procedure for Using an Epinephrine Auto-Injector	446
Recognize Anaphylaxis Symptoms	455
Managing Latex Allergies	462
Trauma-Informed Care	474
Recommendations to Help Students Develop Resilience.....	477
School Nurse Interventions to Prevent Violence	481
Recommendations to Build Resiliency in Students and Parents Exposed to Intimate Partner Violence	482
Policy Recommendations to Decrease the Effects of Trauma on Children	485
Measuring Body Temperatures	486
Chapter 8: Care of the Urinary System.....	494

Urinary System.....	495
Clean Intermittent Catheterization.....	497
Procedure for Clean Intermittent Catheterization—Male.....	500
Procedure for Clean Intermittent Catheterization—Female.....	503
Indwelling Urinary Catheter.....	509
Procedure for Monitoring an Indwelling Urinary Catheter.....	511
External Urinary Catheter.....	515
Procedure for Application and Removal of External Catheter.....	517
Ostomies for Urinary Elimination.....	521
Procedure for Changing a Urostomy Pouch.....	525
Procedure for Catheterizing a Continent Urostomy, Vesicostomy or Appendicovesicostomy	528
Peritoneal Dialysis.....	533
Hemodialysis.....	542
Appendix A.....	553
Appendix B.....	581
