

Billing for the Patient-Centered Medical Home Behavioral Health Screening

effective January 1, 2022

CPT 96160

Administration and interpretation of patient-focused health risk assessment

This code is in addition to any other code you bill for the visit. The code is non-compensable on claims. The SoonerExcel incentive will follow our quarterly payment process. For BH screening utilization, the payment will be based on screens performed on members from ages 5 to 64 in the provider's panel. OHCA will pull claims data looking back 12 months using the members on the provider's panel on the last day of the quarter. The panel size will be the denominator and the number of members with at least one screen in the 12 months prior to the end of the reporting period will be the numerator. Based on the percent of a provider's panel receiving screens, the PCMH providers will be ranked. Incentive payments will be based upon this rank.

RULE OF THIRDS

- If performance is in the Top Third compared to all PCMH providers, then the provider receives 100% of available incentive.
- If performance is in the Middle Third compared to all PCMH providers, then the provider receives 66% of available incentive.
- If performance is in the Lower Third compared to all PCMH providers, then the provider receives none of the available incentive.

IMPROVER BONUS

- This is an additional incentive pool created by the funds that were not earned by the Lower-Third and below-Median performing providers. It is intended to reward the effort required to move to the next level of performance for SoonerCare Choice members.
- If performance increased from one category in the last quarter to the category above it this quarter, then the provider will receive a share of the Improver Bonus Pool. The specific circumstances below will meet criteria for this incentive pool:
 - For the BH Screening:
 - moving from Lower Third to Middle Third, or
 - moving from Middle Third to Top Third.
- All providers meeting criteria for the Improver Bonus will receive an equal share of the Improver Bonus Pool.
