

SoonerCare Fax Blast

May 28, 2009

SUBJECT: Correction Regarding Glycolax[®], Miralax[®] Coverage

A SoonerCare Pharmacy Update distributed on May 22, 2009 indicated that polyethylene glycol powder had been designated a DESI 5 drug by the Centers for Medicare and Medicaid Services (CMS), and could no longer be covered by SoonerCare. CMS has since issued a correction regarding this DESI designation. Therefore, **SoonerCare coverage of polyethylene glycol formulations (including Glycolax[®] and Miralax[®]) has been reinstated effective May 26, 2009.** For further information about DESI drugs, please visit the CMS website at www.cms.hhs.gov.
