(800) 522-0114, option 4

March 4, 2015

Dear Pharmacist,

The Oklahoma Health Care Authority is pleased to announce that pharmacies will be able to submit claims for diabetic testing supplies beginning April 1, 2015. The preferred brands are OneTouch, FreeStyle, and Precision test strips and meters. In addition to strips and meters, lancets, syringes, and control solution will also be covered in the pharmacy claims system. For a list of covered products, please visit our webpage at www.okhca.org/rx. The product list will be posted no later than March 20, 2015.

The following NDCs will be covered. Other brands of strips and meters are not covered. Meters are limited to one per member per year. Strips are limited to 100/30 days for members using insulin and to 100/90 days for members using oral medications. Members diagnosed with gestational diabetes are limited to 150/30 days.

An automated prior authorization process will look for insulin and other diabetic medications on the member's claims history. It will also look for a diagnosis of gestational diabetes. If the medication or diagnosis is not found in claims history or if the quantity submitted exceeds the maximum allowed, the claim will deny for prior authorization. Prior authorization forms will be posted to the OHCA website no later than March 20, 2015 at www.okhca.org/rx-forms.

NDC List for covered products:

NDC Code	NDC Desc	Price / unit	Price / Box
99073-0709-14	FREESTYLE FREEDOM LITE METER	\$15.0000
