## FQHC Claims for Services Outside the PPS Rate

OHCA PRN 2009-13

May 14, 2009

FQHC Providers

**Follow-up: Claims submitted on or after January 1<sup>st</sup> 2009 for services outside the PPS rate that are incorrectly zero paying.**

Please be advised that the issue detailed in [OHCA PRN 2009-10](#) has now been resolved. Due to system changes that went into effect January 1<sup>st</sup> 2009 claims that paid outside the PPS rate (i.e., inpatient services) were zero paying. The system fix will go into production on June 1<sup>st</sup>, 2009 and FOHCs may resume filing such claims. Claims that are currently in the system that have been zero paid will be reprocessed by OHCA. We will notify you by email the date the reprocessed claims will appear on your remit.

The new system enhancements will allow OHCA to maintain a table that will identify and pay services that should pay outside the PPS rate and will be easily updateable. If both the T1015 and a service that pays outside the PPS rate are filed on the same claim, the T1015 will deny and is not payable.

We apologize for the inconvenience this error has caused and we appreciate your patience while we resolved the issue.
