Dear Savvy Senior,

What is the best way to ensure my pets are taken care of after I'm gone? I have two dogs and a cat that are my fourlegged family, and I want to make sure they'll be well taken care of after I die. Solo Senior

Dear Solo,

It's a great question. Every year, approximately 500,000 cats and dogs enter shelters when their pet parents experience an emergency or pass away. Without a proper plan in place for the future care of your pets, they are at risk of ending up in a shelter where they could be euthanized.

To avoid this terrifying scenario and ensure your furry family is cared for both physically and financially after you're gone, you should consider including them in your estate plan. Talk to your attorney about how to insert them in your will or trust in accordance with your state's laws. Here's what you'll need to do. Wills

Along with appointing a trustee to manage your trust's finances, you name your pet's caretaker (who could also serve as the trustee), and any alternative caretakers, as well as an optional trust protector for added oversight of the trustee given that the beneficiary (your pets) can't defend their own rights. Unlike a will, the caretaker has a fiduciary duty to follow your letter of instruction if you include one.

The cost for a living trust ranges anywhere between \$1,000 to \$3,000, while a will typically costs between \$200 and \$1,000. There are also Another option is to create a cheaper do-it-yourself repet trust, which provides more

sources for making a simple will or trust, like Nolo's Quicken WillMaker & Trust (Nolo.com, \$99) and Trust & Will (TrustandWill.com, \$159). Or, if that's more than you're willing to pay, you can make your will for free at FreeWill.com or DoYourOwnWill.com.

Other Arrangements

If you don't have anyone who would be willing to take care of your pets after you're gone, you should make arrangements to leave them to an animal retirement home, a rescue, humane society, pet care program or other animal welfare group. Many of these organizations find new homes for pets or offer lifetime care but may require a fee or donation. Talk to your veterinarian about the options available in your area.

As far as legislative work, I am still working on a House bill that mirrors my Senate legislation to change EMS retirement from being classified under the Oklahoma Public Employees Retirement System (OPERS) to the hazardous duty OPERS. Our first responders are always ready to answer the call, and these men and women who so selflessly serve our communities deserve better retirement benefits. In addition to making these improvements, this legislation aims to help recruit and retain our county Emergency Medical Services personnel.

We have another busy week ahead as we approach the April 11th deadline to approve bills in committee. If I can be of assistance to you, please contact my office at Casey.Murdock@oksenate.gov or 405-521-5626.
