

2027 PSAP One-Time Payment Funding Oklahoma 9-1-1 Management Authority

INTRODUCTION

The Oklahoma 9-1-1 Management Authority (the Authority) created the 2027 PSAP One-time Payment (POP) program to assist local jurisdictions in providing high quality 9-1-1 service and to deploy a statewide Next Generation 9-1-1 (NG9-1-1) solution and technology.

PROGRAM DESCRIPTION

Funding was provided to each PSAP via House Bill 1590 to prepare and sustain any cost incurred by the PSAP related to NG911. Due to recent requirement necessary to prepare for NG911, it was determined that there was a financial need to meet short term goals required by the State for NG911 GIS data remediation.

The 2027 POP program will assist local PSAPs in completing mandatory GIS requirements and be prepared for NG911 deployment planned in 2027. The funding will be prioritized based on the grant rules below.

The Oklahoma 9-1-1 Management Authority approved 3 million dollars to be distributed to Primary Public-Safety Answering Points (PSAP) using the guidelines outlined in Oklahoma Statute §63-2864.5.a and §63-2864.5.b. Each PSAP will receive one time payment that includes \$3000, and from the remaining balance, 90% based on population and 10% based on land area. See attachment for the eligible amount for each PSAP.

Primary PSAPs in the State that currently receive 911 Fee revenue from the Oklahoma Tax Commission are eligible to apply.
