NAME

DATE

PUBLIC COMPLAINT INSTRUCTIONS

Please see the corresponding answers to the questions on the first page.

1. State the name of the person making the complaint and the date you are filling out the complaint. If there are additional parties wishing to join you in your complaint, or who you think might be able to provide helpful information, please list them on an additional page.
2. Circle any of the listed choices that fit your role in the transaction upon which this complaint is based. If the answer is "other", please provide your occupation and how you are related to this transaction.
3. If you are reporting this allegation on behalf of your employer, please provide the business mailing address (and street address if different.) If you are reporting as an individual, please provide your residence mailing address.
4. Insert all requested contact information and please circle the method with which you prefer us to make contact. If necessary, specify the best times for you to be reached in the margin.
5. Please provide the name of the county in which the property involved in your complaint is located.
6. Oklahoma laws limit the Oklahoma Abstractors Board's authority over property transactions to the business of abstracting. A complete real estate settlement requires the services of numerous additional professionals such as attorneys, title insurance agents, closing companies, realtors, appraisers, surveyors, lenders and mortgage brokers. Most of these professions are subject to regulation, but by a variety of different entities. Often, Oklahoma abstract companies offer additional services that are separately regulated by other agencies. If you suspect your complaint may not fall within the Board's authority, you may provide completion information about your situation and if we determine that the Board does not have jurisdiction, the Board will assist you in identifying the appropriate regulator.
7. If the property involved in this complaint has a lengthy legal description, you may attach or include a document on which the description is already printed. If the property is within incorporated city limits or a platted subdivision, the street address may suffice.
8. Give the name of the abstract company against which you are complaining. Please include any additional companies involved on an additional page and explain their involvement. Also, include the names of the people with whom you have spoken for each involved company. If your complaint is against an individual abstractor licensee rather than an abstract company, please clearly indicate this.
9. Provide the address of the company or address of the company at which the person you are complaining against is employed. If known, also provide the business telephone number.
10. Please refer to instructions at Item #6, above.
11. The complaint should consist of a brief, chronological explanation of the facts and should be stated in the order in which they occurred. Avoid conclusions or opinions. The complaint should be **printed or typed**.
12. Tell us what you think should happen in this matter to make it right.
13. Please attach any copies of documents, such as contracts, closing statements, cancelled checks (front and back), or any other documentation that will assist in validating your complaint.

Please note: After your complaint is received, the Field Inspector or designee will review the complaint to determine if the alleged acts constitute a violation of abstractors' law, and if your claim can be supported with sufficient evidence. If the complaint fails this review, the Board will respond to you in writing, explaining the reason(s) why the complaint will not be acted upon. If the complaint passes the review, the Board may do any or all of the following:

- (a) order the respondent to provide a written response to the allegations;
- (b) initiate an investigation;
- (c) attempt an informal resolution;
- (d) order an inspection of the abstract company;
- (e) take other action authorized under its rules; and/or
- (e) terminate the investigation when it appears there is no violation of law or regulations, or when it clearly appears there is not sufficient evidence to support such a claim.

You will be notified of any such actions.
