Administrative Rules Report | Executive Order 2020-03

Executive Order 2020-3 requires agencies to review their rules to "identify all unnecessary regulatory restrictions and all other <u>costly</u>, ineffective, unnecessary, and outdated regulations," and to submit a report of their findings to the Governor, President Pro Tempore of the Senate, and Speaker of the House by August 1, 2020.

The Merit Protection Commission has minimal rules and regulations that would prove costly. The agency is responsible for the enforcement of the Merit System of Personnel Administration Rules to have a uniform system of personnel management.

[In summary, the Commission operation expenditures are minimal to meet its statutory obligations. The MPC contracts with Administrative Law Judges (ALJ) to hold hearings as statutorily required for state employee appeals. The ALJ's are paid from the general operation funds. The agency does not make grants to individuals or organizations nor does the agency engage in any complex financial transactions with small businesses or individuals for other professional services. Financial risks are minimal, and transactions are small and transparent. The agency contracts with ABS to insure that transactions are accurate and compliant with state regulations.]
