

The Economic Benefits of Career and Technology Education in Oklahoma

How Oklahoma CareerTech's 29 technology centers, 16 skills centers and 32 Adult Education and Family Literacy providers pumped nearly \$1 billion into the state economy in FY 2023

THE DIRECT AND INDIRECT ECONOMIC IMPACT

STATE DOLLARS AND TECHNOLOGY CENTERS

Every state dollar appropriated to technology centers...

...led to **\$9.39** in economic output for Oklahoma...

...and \$10.48 in earnings for secondary and adult students over 10 years.

WHAT CAREERTECH STUDENTS EARN AND GIVE BACK

in related fields earn \$13,952 more per year than high school graduates.

That means **\$718** more in tax revenue per year.

Adult students in related fields earn \$15,495 more per year than high school graduates.

That means \$842 more in tax revenue per year.
