

Finance Cluster

Financial & Investment Planning Pathway - Personal Finance is available as a course specifically designed to meet the Passport to Financial Literacy Act of 2007 (70 O.S. 11--103.6h). It is not a course required by this career major.

Financial & Investment Planning - This career major prepares students for careers in financial planning. Students learn basic office and computer skills along with mathematic computations that apply to business. Fundamental and advanced accounting principles are also covered. Students gain the skills to manage personal finances as well as the skills needed in corporate financial management. The structure and operation of securities markets, portfolio management, and capital market theory are also included in this career major.
