Badge Details

Name	8626 – Advanced CMA
Description	<p>Nurse aides seeking certification as a medication aide must score 70% or higher on the examination. Although a clinical skills examination is not required for medication aide certification, all newly trained candidates must attest that medications were passed to 20 consecutive individuals with 100% accuracy after completion of training. This medication pass is to be done after training is completed and is in addition to the medications passed during the clinical portion of the training.</p> <p>For medication aides seeking advanced certification in insulin administration, the candidate must score 80% or higher on the examination. Skills proficiency must be demonstrated during training and documented on OSDH Form 504</p>
Criteria	<p><i>Candidates receiving this certification will take an exam with the following criteria:</i></p> <p>The exam is composed of 60 questions.</p> <ul style="list-style-type: none">• Pathophysiology of Diabetes — 8% (5 questions)• Diabetes Disease Management — 8% (5 questions)• Blood Glucose Testing — 13% (8 questions)• Stable/Unstable Diabetes — 8% (5 questions)• Diabetes Care — 8% (5 questions)• Charting, Graphing, and Recordkeeping — 5% (3 questions)• Insulin and Adverse Reactions — 17% (10 questions)
