ADMINISTRATIVE REGISTRATION

Follow these steps to create your Kuder Administrative Database Management System® (ADMS) account.

- Go to www.okcareerguide.org.
- Click on the Create an Account button, select I am an administrator or educator, and click Next Steps.
- Click Continue after confirming your user type.
- Complete the registration page, including entering your Organization Access Code and Password. Write your username and password here for future reference.

Username: _______________________________________
Password: _______________________________________

- Click Register to complete the process.

STUDENT REGISTRATION

Follow these instructions to get your students started using Kuder Navigator.

- Go to www.okcareerguide.org.
- Click on the Create an Account button, select I am a middle or high school student, and click Next Steps.
- Complete the four-step registration process, and click Sign Me Up to access the Navigator home page.
Navigator is specifically designed to help middle and high school students plan for education and careers. As students progress from sixth grade to high school, they gain access to additional assessments and tools to build comprehensive plans for the future.

THINGS TO DO

- Take an Assessment

- Explore Occupations
  - Occupations by Six Groups
  - Occupations by Title

- Plan for Education
  - Options After High School
  - Find Schools

MY PORTFOLIO ITEMS

- My Assessments
  - My Assessment Results

- My Favorites
  - My Favorite Career Fields
  - My Favorite Occupations
  - My Notes

- My Job Search Tools*
  - My Resumes
  - My Cover Letters

- My Ed Plans

*8th grade feature only.
In grade six, students complete an interest checklist to gather information on occupations and align them to career fields. Students in 7th and 8th grade have access to two of Kuder’s research-based assessments — the Kuder Career Interests Assessment® and the Kuder Skills Confidence Assessment® — to help determine which career pathways and occupations they might like.

An additional assessment is available in high school — the Super’s Work Values Inventory-revised (SWVI-r), which gauges the significance a student places on certain values in relation to job satisfaction. Assessment results are aligned to career pathways and clusters and are provided in an easy-to-read and printer-friendly report.

It is important to understand how to find a job. The system provides students with guidance on searching for openings and researching employers.

Students can imagine a brighter future by exploring occupations from more than 1,000 included in the O*NET database. For middle school students, occupational descriptions are written at a level to ease exploration of future possibilities.

High school students can read and compare O*NET occupation descriptions of interest and save favorites to their portfolio. To facilitate exploration and decision-making, students can also create lists of occupations organized by assessment results, clusters and pathways, and/or title.

Kuder Navigator users have opportunities to shine at any life stage. When considering education options, students can align the career possibilities they are interested in with related educational requirements by determining a future path and learning about financial aid assistance.

The system prepares students for the job search process by providing information about applications and interviews. Students can access their My Portfolio Items for additional preparation such as job search tools to create resumes and cover letters and collect references as well as upload documents and build a shareable e-Profile.

The My Portfolio Items help students envision their future success. Students can view their favorite work values, clusters and pathways, occupations, schools, majors, personal matches, and record information in the My Notes tool. They can also access their job search tools such as resumes, upload and manage documents, and create and edit their ed plans.
