TECHNOLOGY IMPLEMENTATION/UPGRADES FOR K-12 SCHOOLS
REQUEST FOR PROPOSAL
FY22 (2021-2022)

Agency Issuing Request for Proposal

The Oklahoma Department of Career and Technology Education requests proposals for funding to implement and/or upgrade instructional and training technology for the purpose of (1) innovative “cutting edge” hardware and software, (2) curriculum materials, (3) machinery and equipment for new technologies, and/or (4) instructor training.

All proposed expenditures including instructor training should be related directly to the approved proposal. Curriculum materials purchased should support the technology requested in the proposal and could include digitally delivered curriculum and assessments. The request should not supplant current curriculum expenditures.

For the purpose of this grant request, technology refers to any use of innovative processes, equipment and software that will enhance and/or advance instructional techniques or an advanced interactive learning environment to provide for the needs of the students and clients of the district, including business and industry.

Any and all technology equipment purchased with these funds become the sole property of the local school district and is placed on the local school district inventory. However, technology/equipment must be located in the Careertech program to which it is awarded.

Appropriate CareerTech programs in K-12 schools are eligible. FY21 grant recipients, based on PID number, must wait one year before applying again.

Proposal/Grant Criteria

Proposal Form:
Please make sure you are using the correct year’s form.

Program Area:
Select only one (1) program area per application; One (1) program/PID per grant allowed. FY21 grant recipients, based on PID number, must wait one year before applying again.

Click on each field for selection criteria.

The text fields are limited as specified per question. No manipulation of the template is allowed (font reduction, re-typed forms, old forms, etc.).

Proposal Submission:
A. Describe your program.
B. Describe the technology requested and the goals for implementation.
C. Describe why you are requesting this technology and how it fits in your long term plan for the program.
D. Describe how this technology will impact students.
E. Describe how you will evaluate and measure/document student success.

The letter of commitment referencing support and sustainability needs to be on school letterhead and signed by the Superintendent. The letter should clearly address the following:
• Superintendent knows that you are applying for the grant
Superintendent is committed to supporting the grant and your program
State how the school will sustain the grant request beyond the initial year of implementation

Submissions should be grammatically correct, properly punctuated and formatted.

Provide a budget using the attached template.

### Budget

The budget must be submitted using the attached Excel spreadsheet AND be on the FY22 form. To complete the Excel spreadsheet just fill in the following sections:

1. School name, district name, program area.
2. Detailed description of each item, quantity, cost per item, and net cost per item.

The combined costs of installation and shipping cannot exceed 5 percent of the award amount. Total amount awarded cannot exceed grant amount ($15,000).

If you require additional rows, simply insert more rows as needed.

Lottery Grant funds may not be used to supplant goods or services already paid for with federal or state dollars.

Disallowable expenses will be deducted from the Lottery Grant funds and/or reimbursement request.

Examples of disallowable expenses:
- Gift Cards
- Recurring costs e.g., AT&T monthly charge for iPads, service contracts, warranties, etc.
- Stipends and salary supplements
- Travel costs (mileage, airfare, per diem, lodging, etc.) not directly associated with the FY22 Lottery Grant instructor request.
- Conference registration not directly associated with the FY22 Lottery Grant instructor request.
- Professional development workshops not directly associated with the FY22 Lottery Grant request.

### EMAIL Submissions

- Combine into ONE DOCUMENT in pdf format:
  1. Letter of Commitment signed by the Superintendent
  2. Proposal
  3. Budget
- As a separate document in the email, also include the K12 Proposal Submission word document.

One way to combine the three (3) documents is:
- Print the completed documents
- Scan all of the pages together, in order, and send to yourself
- This creates one pdf document of your entire application that you will submit

- Grant proposal must be received no later than **March 2, 2021**.
- Grant proposal will be disqualified if the procedures of the Request for Proposal are not followed.
- Electronically submit to cslotterygrants@careertech.ok.gov
