The Oklahoma Department of Career and Technology Education requests proposals from technology centers for funding the implementation and/or upgrading of instructional and training technology for the purpose of (1) innovative “cutting edge” hardware and software, (2) curriculum materials, (3) machinery and equipment for new technologies, and/or (4) instructor training.

All proposed expenditures, including instructor training/professional development, must be related directly to the approved proposal. Curriculum materials purchased should support the technology requested in the proposal and could include digitally delivered curriculum and assessments. The request should not supplant current curriculum expenditures.

For the purpose of this grant request, technology refers to any use of innovative processes, equipment and software that will enhance and/or advance instructional techniques or an advanced interactive learning environment to provide for the needs of the students and clients of the district, including business and industry.

Any and all technology equipment purchased with these funds will become the sole property of the local school district and will be placed on the local school district inventory. However, technology/equipment purchased with the grant must remain located at the technology center and in the specific Career Tech program to which it is awarded. If awarded, grant recipients will receive a Lottery Grant sticker from the state agency to place on the items/equipment.

A technology center may only apply for and receive one Noncompetitive grant per district in the assigned cycle year.

Total state funding allocated to this Noncompetitive Lottery Grant RFP: **$1,540,000.**

- Total number of proposals to be awarded this cycle year: 14.
- Maximum total funds awarded per Noncompetitive Proposal: **$110,000.**
GRANT PERIOD

July 1, 2022 through June 30, 2023

ELECTRONIC APPLICATION DEADLINE

Proposals must be received in ctYOU.org no later than March 4, 2022 (see “How to Apply” below).

REIMBURSEMENT DEADLINE

All paperwork must be submitted for reimbursement no later than April 30, 2023 (see “Invoicing” below).

CONTACT INFORMATION

General grant information and grant application information may be obtained by contacting one of the following people:

- Gina Hubbard, EPCS Manager (405) 743-5167 gina.hubbard@careertech.ok.gov
- Cara Pattison, Regional Coordinator (405) 664-3679 cara.pattison@careertech.ok.gov

Specific program questions may be directed to the following people:

- Mark Burch, BMITE (405) 743-5419 mark.burch@careertech.ok.gov
- Holly Hanan, FACS (405) 743-5465 holly.hanan@careertech.ok.gov
- Lara Morris, HEALTH (405) 743-5106 lara.morris@careertech.ok.gov
- Tonja Norwood, STEM (405) 743-5187 tonja.norwood@careertech.ok.gov
- John Day, T&I (405) 743-5145 john.day@careertech.ok.gov
- Max McKnight, WED (405) 743-5573 max.mcknight@careertech.ok.gov

COMPETITIVE REVIEW PROCESS

- Proposals will be reviewed for completeness and accuracy. Proposals awarded a Noncompetitive Technology Center Lottery Grant will be notified after receiving CareerTech State Board approval on May 19, 2022.
- Should a proposal not meet the criteria set forth in this RFP in an acceptable manner, applicants will be asked to modify their proposal and resubmit.
- Rubric section criteria includes:
  
  A. **Technology Description:** Clearly and thoroughly details the technology requested, and project size, scope, and goals for implementation of this technology.
B. **Justification:** Clearly Identify why this technology is being requested and how it fits in the program’s long-term plan.

C. **Instructional Delivery:** Clearly define the mode of instructional delivery, potential to involve many students/clients in multiple age groups and demographics, and method of long-term project sustainability.

D. **Student/Client Success:** Clearly describe assessments, evaluations and reporting tools that are relevant to the technology, and appropriately measure student/client success.

E. **Budget:** Budget is itemized on the Budget Template and meets RFP requirements.

F. **Grammar and Punctuation:** Uses correct format, grammar and punctuation throughout the proposal and budget.

G. **Letter of Support and Sustainability:** Letter is included and meets RFP requirements.

**PROPOSAL/GRANT CRITERIA**

There are three parts to a proposal:

1. **Letter of Support and Sustainability:**
   A letter of commitment referencing support with sustainability must be signed by the technology center’s superintendent and on the technology center’s letterhead.

   The letter(s) should clearly address the following:
   - The superintendent knows that the applicant is applying for the grant.
   - The superintendent is committed to supporting the grant and the applicant’s program in the future (beyond grant funding period).
   - The superintendent should state how the technology center will sustain the grant request beyond the initial year of implementation.

2. **FY 23 TC Noncompetitive Proposal Application:**
   The applicant must ensure he or she is using the “FY23 TC Noncompetitive Proposal Application 2022-2023” form. The text fields are character limited, as specified per question. No manipulation of the proposal template is allowed (examples: font reduction, re-typed forms, and/or old forms). Sections on this include:
   - A. Technology Description
   - B. Justification
   - C. Instructional Delivery
   - D. Student/Client Success

3. **FY23 Budget Request Form:**
   Provide a budget request for the grant proposal using the “FY23 TC Budget Request Form 2022-2023” (Excel worksheet); see “Budget” section below for more guidelines. Note that the applicant may insert more rows into this worksheet as needed before creating a PDF for submission.

   *To review the criteria for each of these three parts of the proposal, see “Noncompetitive Review Process” above, as well as the Reviewer’s Rubric.*
**TC Budget Request Form**
The budget must be submitted using the “FY23 TC Budget Request Form 2022-2023” (an Excel worksheet). If additional rows are needed to complete the budget request, the applicant may insert more rows into the worksheet as needed.

To complete the Excel worksheet, fill in the following sections:

1. Type in the Proposal Title, Applicant’s Name, and place an “X” next to the appropriate Program Area(s).
2. Enter a detailed description of each item, quantity, cost per item, as well as shipping and handling and/or installation fees.

**Shipping, Handling and Installation**
- The shipping, handling, and/or installation costs are included in the maximum $110,000 budget and cannot exceed 5 percent of the award amount.
  
  \[ \text{EX: } 110,000 \times 5\% = 5,500 \text{ maximum allowable amount for shipping, handling, and installation}. \]
- If shipping, handling, and/or installation is included in a lump sum quote from a vendor, the applicant must obtain the cost and indicate it on the budget form.
- If the technology center or another entity is covering the cost of shipping, handling, and/or installation, the applicant must attach a PDF of an e-mail or letter from the entity with contact person indicating the itemized shipping, handling and installation dollar amount, the entity that is contributing the funds, and a brief agreement to pay the funds.

**Matching/Contributed Funds**
Technology Centers may be awarded up to $110,000 and may only receive one Noncompetitive grant per district. If the budget shows more than $110,000 total, the applicant must attach a PDF of an e-mail or letter from the technology center entity with contact person indicating the matching funds dollar amount, what entity is contributing the funds, and a brief statement of agreement to pay the matching funds.

**Unallowable Expenditures**
Awarded grant expenditures should supplement the applicant’s program. Budget items requested cannot supplant (i.e. supersede and replace existing school purchases). For example, if state and/or local district dollars are normally spent on the curriculum, technology, or instructor training needed for the grant proposal, then lottery funds may not be used.

*Examples of unallowable expenditures:*
- Gift cards
- Recurring costs such as monthly data plans, service contracts, and/or warranties
- Stipends
- Travel costs not directly associated with the instructors’ training for the requested technology (examples: mileage, airfare, per diem, lodging)
- Salary supplements
- Conference registrations unrelated to the grant
- Professional Development workshops unrelated to the grant
• Consumable items for a program that already exists *(see supplanting above)*
• Marketing materials (examples: stickers, wraps, flyers, brochures, flags, promotional items)

**Travel Guidelines**
State guidelines for travel must be followed. When travel is approved as a budgeted item, reimbursement will be made according to these state “allowable” guidelines:
• Mileage at state or federal rate (gsa.gov)
• Lodging at state or federal government rate (gsa.gov)
• Only coach airfare will be reimbursed

**INVOICING**
• Payment for awarded proposals will be on a reimbursement basis.
• Goods and/or services must be **received** no later than April 30, 2023.
• To obtain reimbursement, the following must be submitted to Joanne Dewald at joanne.dewald@careertech.ok.gov **no later than April 30, 2023:**
  1. A request for reimbursement on school letterhead
  2. Copies of paid vendor invoices with corresponding reference to the line item from the approved budget
  3. OCAS Detailed Expenditure Report for Project Code 469
  4. OCAS Summary Expenditure Report for Project Code 469

**HOW TO APPLY**
• Combine completed application into **ONE PDF DOCUMENT** in this order:
  1. Letter of Support and Sustainability.
  3. FY23 TC Budget Request Form (2022-2023).
  4. Any supplemental letters (EX: agreements from entities with contact person to pay matching funds or shipping, handling, and installation funds).

• Electronic Submission Notes:
  1. Electronically submit the PDF in ctYOU.org.
  2. Grant applicants will receive a confirmation e-mail within 24 hours of submitting their proposal. **If the applicant does not receive a confirmation e-mail within 24 hours, then immediately contact Cara Pattison at cara.pattison@careertech.ok.gov.**
  3. The proposal must be submitted no later than March 4, 2022.
  4. The grant proposal and associated documents may be disqualified if the procedures identified in the Request for Proposals (RFP) are not followed.
