

# Oklahoma Nurse Refresher Course

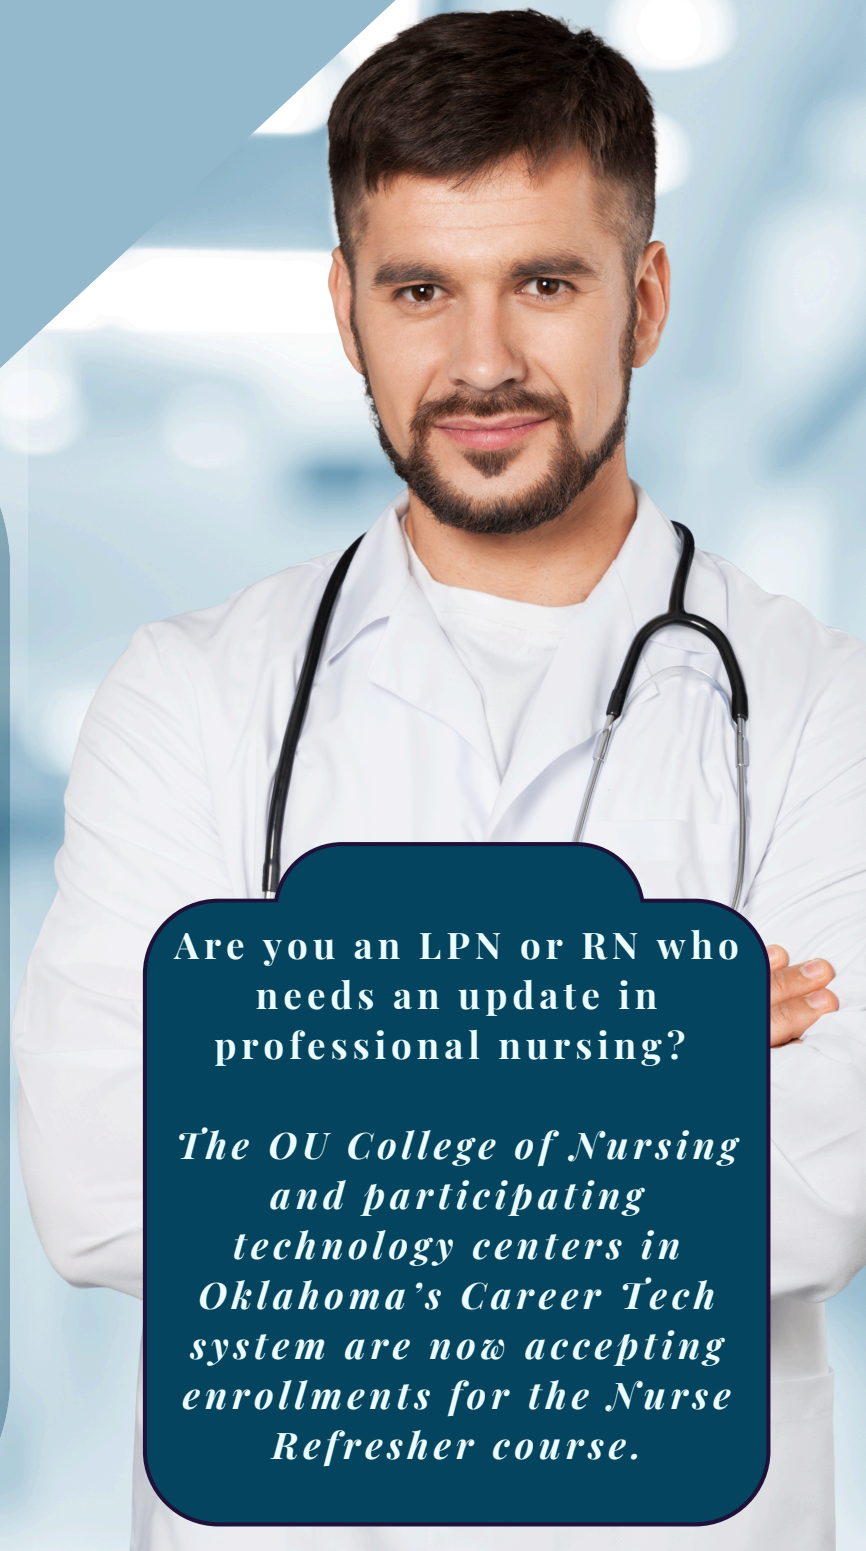

## Nurse Refresher Course Facts:

1. Meets the requirements of the Oklahoma Board of Nursing as an approved Nurse Refresher course.
2. Operates as a self-paced, online nursing review with instructor support and faculty supervision for all lab skills and clinical rotation.
3. The OU didactic program now utilizes a competency-based model, allowing students to test first on a chapter and remediate only if they don't pass the test.
4. If the Board of Nursing advises the student to complete the didactic portion, contact the OU College of Nursing's website: Nurse Refresher Course ([ouhsc.edu](http://ouhsc.edu)) or [NursingCE@ouhsc.edu](mailto:NursingCE@ouhsc.edu)
5. Total course cost: \$2,000 (non-refundable)
6. The clinical component at the Technology Center includes a nursing skills checkoff lab and virtual clinical simulation.
7. The student will be charged additional fees if additional time is needed for longer clinical experience to prove competence.

**Are you an LPN or RN who needs an update in professional nursing?**

*The OU College of Nursing and participating technology centers in Oklahoma's Career Tech system are now accepting enrollments for the Nurse Refresher course.*

## THIS COURSE IS RECOMMENDED FOR THE FOLLOWING PEOPLE:

- Applicants for registered nurse or practical nurse licensure by endorsement, reinstatement, or return to active status to complete a Nurse Refresher Course to meet Board of Nursing requirements.
- Graduates of nursing programs who have not taken and/or passed the NCLEX within two years of completing their nursing education program.
- Nurses who hold a current license but have been before the Board for disciplinary action. (Must present a copy of their Board order).
- Currently licensed Oklahoma nurses who want updated nursing knowledge are welcome in this course.

*\*\*This course was developed as a partnership between the University of Oklahoma, College of Nursing, and participating technology centers in Oklahoma's CareerTech system. Both the University of Oklahoma and the CareerTech system provide equal opportunities*
