RE: Submission of Continuing Education Applications

To Whom It May Concern:

Regarding a letter previously sent concerning continuing education applications, the statute now requires applications to provide chiropractic continuing education seminars shall be submitted for review and approval by the Board of Chiropractic Examiners. However, until the Board can promulgate rules to create a more expedient process, please continue to submit CE applications at least ninety (90) calendar days prior to said education programs being presented. This will ensure that we have adequate time in processing CE applications, for our education committee to review, and for your course to receive final Board approval utilizing our current process.

We will keep you posted once the rules have been approved and implemented a more expedited process as intended by the statutory amendments in HB1385. If you have any questions, please feel free to reach out to me.

Respectfully,

A handwritten signature in cursive script, appearing to read "Beth Kidd".
