- V.** ACTION ITEMS:
  - A. Discussion with possible vote on the Minutes of the Regular Meeting of the Committee of Inspector Examiners held on June 28, 2023. – Les Currie
  - B. Discussion and possible vote to consider recommending an administrative rule to the CIB Board for the administrative rulemaking process, pursuant to the Oklahoma Administrative Procedures Act, to propose a change to OAC 158:60-5-5 by drafting and approving language that would allow for the automatic recognition and approval of all International Code Council (ICC) continuing education courses (CEUs) without the provider, ICC, filing an application and without ICC obtaining provider, course or instructor approval by the Committee - as requested in telephone call on August 22, 2023, by Randall Fryar, Chief Building Official, Midwest City, with his reasoning provided as:
    - i. there are currently insufficient continuing education course offerings for inspectors, there needs to be more courses available, and more online courses available,
    - ii. the number of offering for contractors dwarfs those for inspectors, even though there are many more contractors than inspectors, inspectors have to have more CEU hours (annually) than contractors (every 36 months),
    - iii. Oklahoma accepts ICC codes, and
    - iv. ICC provides inspector exams.

**Discussion with possible vote on CEU Requests:**
