

Return on Investment (ROI) Report

Project: Code Book Education

Applicant: Wadie Gerred, Plumbing Instructor

School: Indian Capital Technology Center - Sallisaw

Report Period: 4/30/2025 to 9/7/2026

1. Project Information

Project Name: Code Book Education

Funding Amount Awarded: \$4,000.00

Date Project Completed: 9/7/2026 and ongoing

2. Accounting of Expenditures

Item Description	Vendor	Quantity	Unit Cost	Total Cost
2024 International Plumbing Code Books	Locke Supply	20	\$100.00	\$2,000.00
2024 International Fuel Gas Code Books	Locke Supply	20	\$100.00	\$2,000.00
Total Expenditures				\$4,000.00

3. Description of How Funds Were Used

Funds were used to purchase 20 copies of the 2024 International Plumbing Code (IPC) and 20 copies of the 2024 International Fuel Gas Code (IFGC). These materials were acquired from Locke Supply to support the plumbing technology program at Indian Capital Technology Center.

4. Services Provided & Educational Impact

Number of Students Educated: 45 and ongoing

Grade Levels/Programs: Adult students, High school juniors/seniors

Description of Services:

The code books were integrated into the curriculum to teach code interpretation, safety standards and compliance. Students used these materials to complete hands-on projects and prepare for certification exams.

5. Accomplishments & Outcomes

- **Goal 1:** Familiarize students with IPC and IFGC codes
 - *Status:* Completed/In Progress
 - *Details:* At the start of every class, students are required to look up four codes each day to answer the bell-ringer questions. This helps students become familiar with navigating the code books and teaches them how to find and apply the correct codes.
- **Goal 2:** Develop interpretation skills

- *Status:* Completed/In Progress
 - *Details:* Students are learning how to apply plumbing codes in real-world scenarios.
 - **Goal 3:** Enhance problem-solving skills
 - *Status:* Completed/In Progress
 - *Details:* Students are learning problem solving skills by working through code-related challenges.
-

6. Return on Investment (ROI) & Career Pathways

Anticipated ROI:

This project has increased student readiness for the workforce by ensuring they understand current code standards before entering the field.

Career Pathway Promotion:

By mastering these codes, students are better prepared for careers as Licensed Plumbers. This training directly supports the skilled trades workforce in Oklahoma.

Certification

I certify that the information provided in this report is true and correct. Funds were used solely for the purposes outlined in the approved application.
