

Fueled Hearth Product Work

License Requirements for Fueled Hearth Product Work

- ◆ There is a new option for reduced licensing requirements involving the specialty of Fueled Hearth Product Work instead of obtaining a full HVAC license.
- ◆ On October 1, 2020 dealers and installers that service or install Fueled Hearth Product Works in Oklahoma can apply for a Fueled Hearth Product Work license instead of the full HVAC license.
- ◆ The application can be found on the CONSTRUCTION INDUSTRIES BOARD website: www.ok.gov/cib.

If you have any questions, please call Gary Kirk at 405-659-2631.
