

# Your Pathway to the Second Dose of the COVID-19 Vaccine

## Have you received your first dose of a COVID-19 vaccine?

**NO**

Please use the Vaccine Scheduler Portal to check your eligibility and register at [vaccinate.oklahoma.gov](https://vaccinate.oklahoma.gov) for your first dose. After your first dose is administered, please follow the steps below to schedule your second dose.

**YES**

Did you receive second appointment instructions or a scheduling card from staff at the **time of your first dose**?

**NO**

Did you use the **portal to schedule** your first dose?

**YES**

This is your second dose appointment. Follow the instructions given to you by staff. You **do not** need to schedule a new appointment or re-register in the portal.

### YES

If you used the portal to schedule your first dose, use the portal to book your second dose. After you receive your first dose, you will receive an email from the portal with a link to book your second dose. Click that link and locate the vaccine clinics titled "BOOSTER 2nd Dose." Select a date and time to receive your second dose.

### YES, but I didn't receive an email:

If you used the portal to schedule your first dose, but have not received an email with a link to schedule the second dose, you CAN re-register through the portal. Before re-registering, we recommend you check your spam folder to make sure the confirmation email is not there. To re-register, you will need to use either a new email address, or additional details in your name (for example, spelling out your full, legal middle name). You are able to re-register and indicate you are seeking your second dose.

### NO

If you did not use the portal to register for your first dose, you CAN still use the portal to book your second dose. When asked, "Will this be your first COVID-19 vaccine dose?" answer "No," which will indicate you are seeking a second dose. Within the portal select the vaccine type you received at your first appointment (Pfizer or Moderna) to ensure the vaccine clinic will have the correct second dose for your appointment. (This can be found on the immunization record card that was given to you at the time you received your first dose.) This will schedule you for your second dose.

### NO, and I cannot use the portal:

If you are unable to use the portal, you can call 211 and provide your name and phone number and let them know you need a second dose appointment call back. Your county health department will return your call within 7-10 business days to schedule your second dose appointment outside the scheduling portal. We recommend this option only as a last resort, as it requires more time and patience to secure your second dose appointment.
