

DRAFT SOLID WASTE PERMIT MODIFICATION

The Oklahoma Department of Environmental Quality hereby approves the following modification:

Solid Waste Permit No.: 3572001
Facility: North Tulsa Sanitary Landfill (NTSL)
Facility Type: Municipal Solid Waste Landfill
County: Tulsa County

Modification: Modify the existing permit to allow NTSL to accept, manage and dispose of non-hazardous industrial waste (NHIW) in its Subtitle D cells. The modification also incorporates changes to the facility's Waste Exclusion Plan. Random load inspections for residential customers shall occur at the Residential Customer Convenience Roll-Off Area near the scale house.

Incorporation by Reference:

The application, received on March 29, 2022, and additional information, received on August 23, 2023, are considered approved and incorporated as a part of the permit modification.

Conditions:

1. NTSL may only place NHIW waste in a landfill cell with a composite liner and leachate collection system.
2. When conditions of the approved Waste Exclusion Plan change, an amended Waste Exclusion Plan must be submitted within thirty (30) days to DEQ for approval.
3. NTSL shall maintain and submit records to DEQ in accordance with Oklahoma Administrative Code (OAC) 252:515-31-4.

The permittee is authorized to operate in conformity with the documents incorporated by reference. Commencing operations under this modification constitutes acceptance of, and consent to, the conditions contained herein.
