

**OKLAHOMA DEPARTMENT OF ENVIRONMENTAL QUALITY
NOTICE - APPLICATION FILED**

Application filed. A solid waste Tier III application has been filed with the Oklahoma Department of Environmental Quality (“DEQ”). Interested persons now have the opportunity to meet with DEQ and learn how and where they may participate in the permitting process.

Applicant: The applicant is Sooner Solid Solutions, LLC and mailing address is P.O. Box 242, Hennessey, Oklahoma 73742.

Type of final permit or permit action being sought: The applicant seeks a new permit.

Facility location: The Processing Facility is proposed to be located in Kingfisher County, northeast of the city of Hennessey approximately 1.2 miles east of Highway 81 and located approximately 0.5 miles south of the intersection of N2880 Rd and E0590 Rd. See legal description below.*

Activities to be regulated if the application is approved: Construct, operate, maintain, and close a processing facility to accept and process approximately 100-150 tons daily of non-hazardous industrial waste. Non-hazardous industrial waste will be treated through a stabilization and solidification method. Waste will be dumped inside concrete lined pits where it will be mixed to initiate the stabilization and solidification process. The primary function of the facility is to produce an alternative method for the disposal of spent caustic waste streams. Once the materials are processed and solidified, they will be used to solidify and/or amend oil and gas wastes that will then be disposed of at an Oklahoma Corporation Commission permitted facility unless another method is approved by DEQ.

Statutes and Rules: DEQ will review the application for compliance with the Environmental Quality Code, including the Solid Waste Management Act, Title 27A of Oklahoma Statutes, Section 2-10-101, *et seq.*, and the rules of the DEQ, Oklahoma Administrative Code, Title 252, Chapters 4 and 515.

Permitting procedures explained: On request, a representative of DEQ will chair a meeting to explain the steps of DEQ’s permitting process to interested persons. If a meeting is requested, there will be discussion explaining when oral and written public comments can be made on the proposal. Administrative hearing opportunities will also be discussed. To request a process meeting, send a written request to the DEQ representative named below within 30 days after the date this notice is published. Please note this is not a meeting for protests. Its purpose is to advise interested persons on participation opportunities during the permitting process. For more information about this process meeting, please contact the DEQ representative named below.

Locations where application may be reviewed:

1. Locally at The Hennessey Public Library located at 525 S Main Street, Hennessey, OK 73742.

2. DEQ's Central Records Section, located on the 2nd floor of the DEQ building at 707 N. Robinson, Oklahoma City, Oklahoma.
3. DEQ's website at <https://oklahoma.gov/deq/permits/land-permits/permit-public-participation-process.html>.

For more information, contact:

1. For applicant: Anthony Hamilton, Envirotech Engineering & Consulting, 2500 N. 11th Street, Enid, Oklahoma 73701. Phone: (580) 234-8780.
2. For DEQ: Hillary Young, DEQ, Land Protection Division, P.O. Box 1677, Oklahoma City, OK 73101-1677; (405) 702-5100; Fax No. (405) 702-5101.
