3. Director’s Comments
   Director Crow welcomed everyone to the meeting and recognized staff for all their hard work and dedication during the COVID-19 pandemic.

   A. COVID-19 Update
   Director Crow indicated that the information he was about to provide was current as of yesterday, July 14, 2020. ODOC has a total of eleven (11) positive inmates out of the four thousand, two-hundred and forty (4,240) that have been tested. This is an increase of two (2) inmates since July 7, 2020. ODOC has a total of twenty-five (25) employees who have tested positive out of the two-hundred and twenty-nine (229) employees who have reported receiving a test. This is an increase of eight (8) since July 7, 2020. Up until recently ODOC was able to maintain 2 positive inmates and approximately 10 positive employees. As positive numbers rise in the public, ODOC is experiencing an increase as well. Fortunately for ODOC, all but two (2) of the inmates have been asymptomatic. Many of the inmate positive tests have been from discharging inmates. ODOC continues to test each discharging inmate.

   Director Crow indicated inmates that test positive are placed in isolation, and the housing unit where they reside is placed on quarantine status. Testing of all inmates on the unit is initiated to ensure there is not an outbreak, and contact tracing is initiated. An interesting observation is test results from the other inmates housed on the unit typically come back negative.

   As of to date, none of the inmates that have tested positive received visitation, therefore it does not appear that visitation is an issue at this time.

   ODOC continues to look for ways to mitigate the issue and improve on the agency’s response to the pandemic. ODOC continues to utilize the staff screening tool. Director Crow indicated he maintains communication with Governor Stitt and his team to ensure ODOC is doing what is necessary and to provide agency updates.

   B. Operational Updates
   Director Crow indicated as he mentioned previously, he created a COVID response team and he met with them yesterday, July 14, 2020 to review operations and statistics to ensure we are following best practices and to improve on practices where needed.

   Visitation, internal transfers, and county jail transfers have resumed. All transfers have screening and quarantine protocols in place to prevent the spread of COVID. During visitation, social distancing is being adhered to as
recommended by the CDC. Masks are mandatory during visitation.

The agency has placed a high importance on sanitation. Early on teams were established to provide quality control to ensure all screening and sanitation protocols are being adhered. Sanitation foggers have been purchased to aid in the sanitation efforts. The health department has assisted greatly with Personal Protective Equipment (PPE). The agency provides inmates and staff with masks every three days.

Director Crow indicated he was confident staff were adhering to the protocols and commended them on their dedication during this time.

Director Crow stated his updates were complete and asked if there were any comments.

Dr. LaFortune indicated that a family visiting their son in a facility complimented ODOC on their response to the pandemic.

Board Members requested information pertaining to Comanche County. Director Crow indicated that Comanche County was an extremely serious situation and he indicated that Chief of Operations (COO) Mike Carpenter and the response team stayed in through the course of mitigating that situation. One of the issues with Comanche County was their population numbers, relieving their population numbers was beneficial and increasing sanitation efforts was key to resolving the issue. ODOC provided Comanche County with resources and information to assist with future issues. Three (3) weeks ago the agency was able to remove the team and the county is back to normal operations.

Director Crow indicated as he has several times that ODOC success is due to staff and their dedication.

**Effect:** The department was not in compliance with state law as stated in the above quoted criteria.

**RISK:**
1. The department may expose itself to reactions from the vendor for untimely payments.
2. Delaying the payment of invoices may result in additional cost of interest charges by the vendor.

**Plan of Corrective Action**

Additional tracking has been implemented to ensure that invoices received are processed, approved and sent to Accounts Payable within three (3) business weeks. If the invoice is being reviewed or held for additional information necessary to verify its accuracy, the notes and correspondence are added to the invoice file and a note will be added to the face of the invoice stating when the necessary information was received.

We have conducted a compliance audit of Oklahoma State Reformatory a part of the primary government, State of Oklahoma, Department of Corrections, for the period FY 19, January 1, 2019 to June 30, 2019 and FY 20, July 1, 2019 to December 31, 2019. The areas covered in this audit were Accounts Payable, Purchasing, Receiving, Purchase Cards, Prison Public Works Projects, Express Checks, Debit Cards, Trust Fund, Canteen, Food Service Inventory and Fixed Assets Inventory.

The audit was conducted following department policy and state laws. OS Title §57-510 A.14, Title §74-228 and §74-229 and OP 120101 entitled Fiscal Management Responsibilities.

Internal Audit
Criteria: Generally Accepted Accounting Principles dictates that inventory must be accurately recorded and disclosed on the Financial Statements to comply with reporting and accountability standards, per FASB 330 - entitled Inventory.

Finding

Fifty nine percent (58.62%) of the items sampled (51 of 87), on the day of the audit (12/17/19) were not in agreement with the closing inventory balance.

Auditors Note: There was a finding in this area for the prior two (2) audits:
- FY18 June 27, 2017  60.90%  28 of 46
- FY19 February 13, 2019  43.86%  100 % audit

Effect: Inaccurate inventory records may result in over or understated inventory valuations as disclosed on the Departments Balance Sheet. Additionally, errors in inventory records may result in shortages or spoilage and may impede the detection of the unauthorized issuance or theft of inventory items.

RISKS:
1. Theft of Inventory may go undetected.
2. Loss of revenue.
3. Inadequate supplies to meet demand.

Recommendations:

1. Shut the canteen down to complete a reconciliation of the canteen inventory using one the following options:
   a. Close the canteen for two (2) consecutive days to complete a 100 percent inventory reconciliation
   b. Complete a twenty five percent (25%) reconciliation of inventory on a weekly basis
2. Adjustments, if any, will be completed the same day as the inventory reconciliation or before opening for business. All adjustments will be made as soon as possible after an inventory count.
3. The Offender Banking System (OBS) Comptroller issue a field memo to North Fork Correctional Center to advise them that Oklahoma State Reformatory will be shut down to complete a 100 percent inventory reconciliation, so that they can be compliant with Department of Correction policy and procedures.

4. The canteen supervisor contact the vendor and request credits be issued in a timelier manner.

5. Upon delivery, all canteen goods be counted and quantities compared to the invoice and purchase order. At that time, determine if there will be credits or returns. It is also recommended that the canteen supervisor and another individual compare the bill of lading with the purchase order.

6. Conduct unannounced spot checks of the canteen inventory report against the shelf count at least once every other week or more frequently as determined by the Warden.

7. Adjustments should be accurately detailed on the inventory adjustment screen.

8. Take deliberate care to key inventory items into the Offender Banking System. (OBS)

9. All vendor returns should be well documented referencing the purchase order number, receiving number and invoice number. Records should be kept in the vendor’s file.

10. Offenders working in the canteen should be subject to regular shakedowns at the end of the day before leaving the canteen.

11. Place a sign outside the canteen window advising that all food sales are final and returns will not be accepted or processed without a valid receipt, ID and the “defective” item.

**PLAN OF CORRECTIVE ACTION**

1. Oklahoma State Reformatory (OSR) canteen will complete a reconciliation of the canteen inventory by closing down the canteen for 2 consecutive days to complete a 100% inventory reconciliation. The inventory will take place the 3rd Thursday and Friday of each month.

2. Adjustments to the inventory will be completed the same day or before the opening of business. Canteen supervisor is adjusting work schedule to ensure adjustments are made prior to opening for business.

3. North Fork Correctional Center (NFCC) has been advised that OSR will conduct inventory monthly per Department of Correction policy which requires the canteen to be shut down two days a month.

4. Canteen supervisor will contact vendor and request all credits be issued in a timely manner.
5. Upon delivery, all canteen goods are to be counted and quantities compared to the invoice and purchase order and determine if there will be credits or returns, then the canteen supervisor and another individual will compare the vendor invoice, packing slip with the purchase order.

6. Unannounced spot checks are conducted already. Canteen supervisor will increase the frequency of spot checks to ensure shelf count is accurate.

7. Adjustments should be accurately detailed with full explanations on the inventory adjustment screen.

8. Accuracy of inventory keyed into the Offender Banking System (OBS) will double checked.

9. All vendor returns will be documented with reference and invoice numbers. Records will be maintained in a file for future reference.

10. Inmates working in the canteen are pat searched at the west gate before entering or leaving the canteen. This process will still be continued.

11. Sign is placed on the outside canteen window advising that all food sales are final and returns will not be accepted or processed without a valid receipt, ID and the “defective’ item.

Effect: The department was not in compliance with state law as stated in the quoted criteria above.

RISK: (1) The department may expose itself to reactions from the vendor for untimely payments.
(2) Delaying the payment of invoices may result in additional cost of
interest charges by the vendor.

**Plan of Corrective Action**

We will work with all staff to ensure the receiving/supporting documents are received by the business office within 48 hours of receipt. This will ensure timely payments and compliance with State Law per title 62 OS 34.71.

**Auditors Note:** It is the responsibility of the Business Manager to supervise both Kate Barnard and Mabel Bassett Correctional Centers. The finding indicates noncompliance with both facilities.

**Effect:** The facility may be in violation of the above mentioned policy.
Plan of Corrective Action

A firm deadline will be set and sent to all P-Card holders to ensure that P-Card statements are to the Business Manager in a timely manner. The Business Manager will set a hard deadline to ensure that all statements have been received and will get them to the purchase card accountant. This will help ensure that we are in compliance with OP-120502 section 11.F.1 & 2.

Canteen

Criteria: Per OP 120230 entitled “Offender Banking System” section II ‘Canteen’ sub section A 2 C ‘Facility Canteen Boards’ states: The facility Canteen Board will meet at least quarterly with documentation of any approved board action. Annually, at its June meeting, the board will review and approve the annual operating budget.

Finding 3

There were no minutes or documentation to attest that meetings were held during the period of April 1, 2019 to March 31, 2020.

Effect: Management may not be able to make timely informed decisions relevant to the conduct of business at the canteen.

Risk: The canteen operations may not be benefitting from management oversight.

Recommendation: The facility head constitute a board in accordance with policy guidelines.

Plan of Corrective Action

Effective June 16, 2020 KBCC has appointed a Canteen Board consisting of the Case Manager IV, Canteen Supervisor, Business Manager, and the Warden. The first meeting is scheduled for June 23, 2020 at 2:00 p.m. The Canteen Board will meet quarterly per OP-120502 Section 11.A.2c from that point forward.

Warehouse

Criteria: Generally Accepted Accounting Principles dictates that inventory must be accurately recorded on a timely basis in order to ensure that all movements (receipts, adjustments and issues) are accounted for and properly disclosed on the Financial Statements to comply with reporting and accountability standards, per FASB 330 - entitled Inventory.

Finding: The warehouse was unauditable as a result of a lack of full time supervision. Staff personnel indicated that they have not been able to fill that position for at least 12 months.

Effect: Inaccurate inventory records may result in over or understated inventory valuations as disclosed on the Departments Balance Sheet. Additionally, errors in inventory records may result in obsolescence, shortages or spoilage and may impede the detection of the unauthorized issuance or theft of inventory items.

Failure to maintain inventory control procedures may give cause for misappropriation of inventory items.

RISKS
(1) Theft of Inventory may go undetected.
(2) Loss of revenue.
(3) Inadequate supplies to meet demand.
(4) Inaccurate disclosed Balance Sheet valuation.

Recommendations:

1. Fill the warehouse supervisor position as soon as possible. Place a temporary individual in the warehouse until that position is filled.

2. Complete A 100% inventory count as soon as possible. The internal audit team will complete a follow up audit within three (3) months of the current audit time.
3. When a new supervisor is in place insure another 100% inventory count to allow that person a “fresh start” in order to maintain inventory compliance.

4. Insure personnel that obtain goods from the warehouse on weekends maintain an accurate record of what they are removing.

5. Upon delivery all warehouse goods be counted and quantities compared against the invoice and purchase order. At that time, determine if there will be credits or returns.

6. Conduct unannounced spot checks of the warehouse inventory report against the shelf count at least once every other week or more frequently as determined by the Warden.

7. Offenders working in the warehouse should be subject to regular shakedowns at the end of the day before leaving the canteen.

8. Restrict access to the warehouse.

**PLAN OF CORRECTIVE ACTION**

**Recommended Action #1:**

Fill the warehouse supervisor position as soon as possible. Place a temporary individual in the warehouse until that position is filled.

**Corrective Action Taken:**

The Warden’s Assistant, who oversees the Warehouse Supervisor, will temporarily be placed in the warehouse until the position can be filled.

**Action Taken to Prevent Recurrence:**

A 92 will be submitted to fill the position when the hiring freeze is lifted.

**Recommended Action #2:**

Complete a 100% inventory count as soon as possible. The internal audit team will complete a follow-up audit within three (3) months of the current audit time.

**Corrective Action Taken:**

The Warden’s Assistant, with assistance of other staff, will conduct a 100% inventory count to be completed on, or before, June 23, 2020.
Action Taken to Prevent Recurrence:

The inventory report will be submitted to the office of the Interim Warden for review.

Recommended Action #3:

When a new supervisor is in place, insure another 100% inventory count to allow that person a “fresh start” in order to maintain inventory compliance.

Corrective Action Taken:

Upon the placement of a full-time warehouse supervisor in this position, another 100% inventory will be conducted to allow a fresh start.

Action Taken to Prevent Recurrence:

The inventory report will be submitted to the office of the Interim Warden monthly.

Recommended Action #4:

Insure personnel that obtain goods from the warehouse on weekends maintain an accurate record of what they are removing.

Corrective Action Taken:

It will be reiterated to the weekend officers to maintain accurate records of any items removed from the warehouse on weekends. An incident report will be written and submitted to the office of the Interim Warden and or the Chief of Security’s office.

Action Taken to Prevent Recurrence:

Random spot checks by the Interim Warden and the Chief of Security during weekly tours will be conducted to ensure accountability. Repeat deficiencies will be addressed through progressive discipline.

Recommended Action #5:

Upon delivery, all warehouse goods be counted and quantities compared against the invoice and purchase order. At that time, determine if there will be credits or returns.
Corrective Action Taken:

The warehouse supervisor, or Warden’s Assistant, will count all warehouse goods delivered and compare quantities against the invoice and purchase order. At that time, a determination will be made if credits or returns are necessary.

Action Taken to Prevent Recurrence:

The Interim Warden and the Chief of Security will monitor during weekly tours. Repeat deficiencies will be addressed through progressive discipline.

Recommended Action #6:

Conduct unannounced spot checks of the warehouse inventory report against the shelf count at least once every other week or more frequently as determined by the Warden.

Recommended Action #7:

Offenders working in the warehouse should be subject to regular shakedowns at the end of the day before leaving the canteen.

Action Taken to Prevent Recurrence:

The shift supervisor will ensure the inmates are pat searched prior to leaving the warehouse.
Recommended Action #8:

Restrict access to the warehouse.

Corrective Action Taken:

Access to the warehouse will be restricted to employees of John Lilley Correctional Center and only the inmates assigned to work as warehouse orderlies.
