Cooperation with Legislative and Executive Bodies

I. Guidelines for Proposing Legislation

A. Agency-Sponsored Initiatives

Each year staff will submit proposed legislative initiatives to the agency legislative liaison for consolidation, clarification and review by the designated due date. Information on how the initiative will impact the agency, expected benefits of the initiative and the projected fiscal impact will accompany all recommended initiatives.

The agency legislative liaison will then present all submitted proposals to the agency director who will then work with senior staff to narrow down the list of proposed initiatives. This list will be presented to the Oklahoma Board of Corrections (OBOC) Public Policy Committee no later than the November board meeting for review and approval, prior to submission to the legislature.

B. Legislative Authors

Once the OBOC has approved a legislative agenda, the legislative agency liaison will identify legislative sponsors and submit drafting requests no later than the House and Senate bill request deadline. The liaison will ensure
legislative authors are fully informed at the time of the bill request of the nature of the initiative and the reasons why this initiative is important to the agency.

C. Legislative Liaison

The agency director, chief of Staff, chief administrator of Communications and Government Relations, and any other designee as approved by the agency director will serve as liaison for the agency during the legislative session. Whenever an approved initiative is heard by a committee or subcommittee of the House or Senate, the agency legislative liaison will ensure that appropriate agency representation is present at the legislative meeting.

II. Monitoring Legislative Initiatives and Corrections-Related Legislation

A. Monitoring

The agency legislative liaison will monitor progress of all legislation related to corrections, and report to the agency director, chief of Staff, and chief administrator of Communications and Government Relations regularly.

Any requests for information from legislative or executive bodies will be immediately provided to the chief administrator of Communications and Government Relations and the agency legislative liaison prior to responding. Staff will work with the agency director, chief of Staff, chief administrator of Communications and Government Relations, and agency legislative liaison on ensuring an accurate and timely response.

B. Reports

The agency legislative liaison is responsible for the following reports.

1. Reports showing the status of each bill and all relevant legislation as necessary are to be submitted to the agency director and OBOC members.

2. In coordination with the appropriate senior staff member, the agency director, chief of Staff, chief administrator of Communications and Government Relations, or agency legislative liaison will assign legislative bill impact estimates and estimate updates for corrections-related legislation when required, utilizing the “Bill Impact Estimate” form (Attachment A, attached). Appropriate senior staff review and approval is required of all impact estimates.

3. A report will be prepared by the agency legislative liaison at the end of each legislative session showing the final actions and disposition of all House and Senate bills related to corrections.
