Inmate/Offender Identification and Crime Alert Bulletin

A schedule for updating inmate/offender identification information ensures that a reasonably current physical description is maintained in the Offender Management System (OMS) on each inmate/offender under the custody/supervision of the Oklahoma Department of Corrections (ODOC). (5-ACI-5A-01 b#6)

The Crime Alert Bulletin, provided to agency personnel and designated outside law enforcement agencies, contains information regarding inmates/offenders released in specific crime categories and Oklahoma’s “Top Most Wanted Fugitives.” (2-CO-1F-07, 5-ACI-1F-08, 4-ACRS-7D-06, 4-ACRS-7F-04, 4-APPFS-3D-34)

I. Photographs

Photographs are required for all inmates/offenders and will be taken and updated as specified in this procedure. All inmate/offender photographs will be entered into OMS.

 - c. Facilities with computer-generated image capturing capabilities will apply the inmate/offenders name and ODOC number by computer application;
 - d. Inmates/offenders wearing prescription glasses will have one frontal photograph view with prescription glasses on and one with glasses removed. Inmates/offenders will not wear sunglasses for photos; and
 - e. Three photographs, including one front and two lateral views, will be taken. The two lateral views will be taken from each side.
2. The electronic photo imaging system will be used to take photographs of inmates during the reception process. (5-ACI-5A-01 b#6) The electronic image, which will produce three 3x5 and four passport size color prints, will be made during the reception process.
- a. A photograph will be taken before and after the inmate receives a haircut to include one front and two lateral views, one of each side.
 - b. Only the photograph taken after the haircut will be printed. One passport size will be used for the consolidated record card and the remaining three passport size photos will be placed in the inmate's classification jacket.
 - c. The electronic images are available to agency personnel on OMS and law enforcement personnel through the law enforcement version of the offender lookup. (5-ACI-1F-08, 4-ACRS-7D-06, 4-ACRS-7F-04, 4-APPFS-3D-34)

B. Schedule for Photographs

Facility heads/administrator of Institutions/Community Corrections will ensure that inmates/offenders in their custody are photographed at a minimum of every five years. Three quality photographs will be taken. Photographs will be digital or computer generated.

Every five years, or when a new photograph is taken of an inmate/offender, one will be used to update the "Oklahoma Department of Corrections Consolidated Record Card" ([DOC 060211H](#)).

New photographs will also be taken when an inmate's/offender's appearance undergoes a major change.

C. Photographs Prior to Release
