Organization and Management of Correctional Industries

I. Organization

The managers of the correctional industry programs maintain well-organized, professionally managed programs that are adequately staffed and provide quality products and services. Each industry operating unit will have a written quality control procedure that provides for raw material, in-process, and final product inspection. (5-ACI-7A-11) Inmates are assigned to jobs in these programs that are consistent with the needs of the operation and correspond with the inmate’s security level and supervision requirements. Job assignments afford qualifying inmates the opportunity to engage in meaningful work that is consistent with their individual ability, medical status and/or any disability. (2-CO-5A-01) Job assignments also provide inmates with the opportunity to develop job skills and work ethics as a means of improving their employability upon release.

II. Oklahoma Correctional Industries Organizational Structure

The chief administrator of OCI and the chief administrator of Agri-Services report to the chief financial officer. The correctional industry chief administrators are
responsible for the administrative functions and the management of statewide operations within their respective programs. (5-ACI-7A-08)

A. Correctional Industry Chief Administrator Responsibilities

The chief administrator(s) of Agri-Services and OCI will coordinate with the appropriate facility head for the assignment of inmates and facility staff necessary to support the production operation(s).

1. Staff assigned to Agri-Services will report directly to the chief administrator of Agri-Services. Staff assigned to the manufacturing, services and partnerships unit will report directly to the chief administrator of OCI or delegate.

   The facility head will assist in the evaluation of the farm coordinator who is responsible for the management of the Agri-Services operation(s) at that facility in the areas of security, sanitation, safety and inmate related issues and will provide the chief administrator of Agri-Services with any pertinent information for the evaluation. The chief administrator of Agri-Services will evaluate the farm coordinator in all other assigned duties.

   a. The facility head will assist in the evaluation of the industries manager who is responsible for the management of the OCI operation(s) at that facility in the areas of security, sanitation, safety and inmate related issues and will provide the chief administrator of OCI with any pertinent information for the evaluation. The chief administrator of OCI will evaluate the operations coordinator who will evaluate the industries manager in all assigned duties.

2. All OCI industries coordinator/managers and Agri-Services farm coordinators will be organizationally responsible to the facility head for security, sanitation, safety and inmate related issues for the purpose of maintaining the necessary control of the overall operation of the institution. OCI and Agri-Services staff, including services and partnerships staff, will functionally report to the respective industries coordinator/manager or farm coordinator who is responsible for achieving the mission and established objectives of the correctional industries programs. (5-ACI-7A-08)

B. Joint Responsibilities

1. OCI field staff will be jointly managed by the facility head and the chief administrator of OCI in the areas of performance evaluation as it relates to safety, security, sanitation and inmate worker issues and other areas where a mutual agreement is required prior to any action. If an agreement cannot be reached, the final decision for action will be the responsibility of the respective executive staff member.
2. Euthanizing livestock will require cooperation between the facility head and the Agri-Services supervisor as provided by the “Operational Agreement” (Attachment A, attached). The “Operational Agreement” (Attachment A, attached) will be reviewed by the Agri-Services farm coordinator and the facility head. Any change in administration, i.e., facility head or farm coordinator, will require a new agreement to be reviewed and signed. A copy of the agreement will be maintained by the facility head, Agri-Services farm coordinator, and in the facility’s duty officer manual. The facility head or designee will advise duty officers, assistant facility heads and shift commanders/supervisors of this agreement.

III. Oklahoma Correctional Industries and Agri-Services Annual Report

A. Planning

The chief administrators of OCI and Agri-Services will submit an annual business plan for their respective industries program to the agency director. This report will be submitted approximately 60 days prior to the end of the current fiscal year. The report will include the following:

1. Development of production goals for the next fiscal year;

2. An operational budget and any capital outlay budget requests necessary to ensure the adequate funding for required resources and program expansion; and

3. Prioritization of program needs with respect to the available funds, production capacity and the requirements of ODOC.

B. Program Development

Correctional Industries programs will be financially self-supporting. The programs will provide employment and job skills training to inmates and contribute to the overall objectives of ODOC as follows: (5-ACI-7A-11)

1. Provide for the efficient production of agricultural and manufactured products, partnerships and services through the most appropriate and cost effective utilization of land, facilities, staff and inmate labor.

2. Products will be functional in design, utilize the appropriate materials for the intended purpose and will be produced in a manner that exhibits quality workmanship. Customer complaints will be resolved in an expeditious manner.

3. Each program will identify potential new markets for goods and services. Promotional literature will be developed and distributed for the purpose of increasing sales volume in identified areas.
C. Fiscal Management (5-ACI-7A-12)

The Agri-Services and OCI programs will maintain the following financial records: (5-ACI-7A-12)

1. Accounting procedures will be established; records will be maintained and financial reports will be prepared that accurately reflect the fiscal status of each program. Financial reports will be routinely monitored and analyzed to ensure that the fiscal integrity and operational effectiveness of each program is maintained.

2. The following financial reports will be prepared and forwarded to the administrator of Business Services and the agency director no later than the last day of the following month:
   a. Agri-Services and OCI Income Statement;
   b. Agri-Services and OCI Balance Sheet;
   c. Agri-Services and OCI Statement of Cash Flows;
   d. OCI Cost of Goods Manufactured Statement; and
   e. OCI and Agri-Services Financial Activity Report.

3. Financial records will be maintained on an enterprise basis and will be maintained in accordance with the requirements of the Oklahoma Management Enterprise Services (OMES).

4. The Agri-Services and OCI programs will operate from, and have administrative responsibility for, a centralized revolving fund. The revolving fund will be controlled and monitored in accordance with accounting procedures for the State of Oklahoma. (5-ACI-7A-12)

IV. Standards for Inmates Assigned to Correctional Industries Work Assignments

A. Safety and Health

Agri-Services and OCI operations will meet or exceed all applicable federal, state, and local health and safety standards. Compliance with required standards will be documented and records will be maintained as required. Inspections will be conducted annually by federal, state and local health and safety officials in accordance with OP-130106 entitled “Environmental Health, Safety and Sanitation Inspections” and weekly and monthly inspections in accordance with OP-130107 entitled “Standards for Inspections.”
B. Inmate Work Assignments

1. Agri-Services farm coordinators and OCI operations managers will select inmate workers from a pool of potential applicants identified by the appropriate institutional committee or staff as outlined in OP-030103 entitled “Inmate Job and Program Assignments” and OP-060107 entitled “Systems of Incarceration.” (5-ACI-7A-09)

2. Responsibility for termination of inmate workers based on performance rests with the correctional industries management staff and is subject to applicable standards and procedures. Termination for reasons not related to job performance will be initiated by the appropriate institutional committee or staff.

3. The number of inmates assigned to any correctional industries operation will meet the realistic workload needs of the operation and must be sufficient to meet the mission of correctional industries without unreasonable delays or loss of production. (5-ACI-7A-10)

C. Inmate Work Day

The inmate workday will approximate a typical workday in the private sector within the constraints imposed by required security activities. (5-ACI-7A-06)

D. Inmate Pay

Correctional industries will administer an inmate pay program that promotes and rewards productivity. This plan will be in accordance with OP-080501 entitled “Oklahoma Correctional Industries Pay Plan” and OP-080502 entitled “Agri-Services Pay Plan.”
