AUDIT FINDINGS

NARRATIVE

The Oklahoma Department of Corrections in conjunction with the American Correctional Association (ACA) Prison Rape Elimination Act (PREA) division scheduled a PREA audit for the Oklahoma State Reformatory in Granite, Oklahoma. The scheduled dates of the audit were May 2nd – May 4th, 2016.

Michael A. Radon certified PREA auditor was notified eight (8) weeks prior to the audit by Mr. Robert Brooks PREA Division ACA. The assigned was for a single PREA auditor to review preliminary audit information provided by the facility and conduct a facility site audit which included a complete facility tour, compliance review of 43 standards for adult prison and jails and review of the preaudit questionnaire (PAQ). In addition, the auditor compliance tool was utilized and all existing policies and procedures and demonstrated practices were reviewed. As required inmate and staff interview protocols and questionnaire forms were completed.

The audit also reviewed all reported PREA alleged incidents in the last twelve (12) months and the procedures and practices that occurred in conducting these investigations and reporting mechanisms.

Upon completion of these PREA disciplines and expectations there were no corrective action findings noted. However, there were numerous facility issues that were identified, recognized and corrected at the time of the audit. The Oklahoma State Reformatory is an antiquated facility with numerous facility challenges. These challenges continue to be addressed and identified through internal audits (ACA and PREA) and operational observations by security and IT staff.

In closing, the auditor Michael A. Radon interviewed and met with the new interim director Joe Allbaugh along with the agencies PREA coordinator Millicent Newton-Embry. During this meeting Mr. Allbaugh expressed his commitment to continue with the expectations of PREA in all of the Oklahoma Department of Corrections facilities and reaffirmed that the agency head responses to the PREA questionnaire form remained in place. And that although the Oklahoma Department of Corrections would be taking somewhat of a different direction under his leadership that his commitment to PREA would remain steadfast with those changes.
DESCRIPTION OF FACILITY CHARACTERISTICS

The Oklahoma State Reformatory (OSR) under the Oklahoma Department of Corrections is located in Granite, Oklahoma approximately one hundred and forty (140) miles west of Oklahoma City, Oklahoma.

The facility is surrounded by a twenty-four foot (24) high granite wall in which there are three towers that are manned twentyfour/seven. Oklahoma State Reformatory is an all male facility with a capacity of 842 medium security offenders and 200 minimum security offenders which adds up to a total capacity of 1042. The medium security section is a long term facility focused on education. The minimum security section provides physical plant support as well as farming operations. The physical plant consists of the following: Administration, gymnasium, education, chapel, medical unit, food service, laundry and living units, including a Faith and Character Building, and the SHU.

The OSR has one hundred forty-seven cameras as follows: Twenty-four inside PTZ/twenty-two outside PTZ, thirty outside/seventy-one inside fixed position cameras. There are also eleven continuously recording DVR’s with a save time between 8 to 50 days depending on the tape loaded. Cameras are monitored continually in the Central Control Center.

The recreation program of OSR is as follows: Minimum security offenders have a large recreation area with volleyball. Medium security offenders have a small yard at the back of the living units with basketball, walking/leisure area and a weight area. The SHU has individual areas for recreation one hour five-days each week. Within the housing units there are also cards, board games and horseshoes available.

Medical care at Oklahoma State Reformatory is provided through outpatient services and on-call emergency services after hours. OSR does not have an infirmary, however the following medical care is available: Dental services, ER services, health appraisals, radiology services, sick call, laboratory services, pharmacy services and chronic care services.

The mission of OSR is as follows: Provide custody for medium security offenders over the age of 40. Oklahoma State Reformatory will have the primary mission to provide agricultural work and institutional support. The programmatic mission of Oklahoma State Reformatory is education.
SUMMARY OF AUDIT FINDINGS

Facility information which was included in the USB thumbdrive was reviewed by the PREA auditor. Forty-three PREA standards were reviewed which included compliance finding with supportive documentation. These materials along with the PREA audit questionnaire were significant help in assessing compliance.
