A Proven Investment in Public Safety
The statutory purposes of the Oklahoma Community Sentencing Act are to:

1. Protect the public;
2. Establish a statewide Community Sentencing system;
3. Adequately supervise felony offenders punished under a court-ordered community sentence;
4. Provide a continuum of sanctions to the court for eligible felony offenders sentenced to a community sentence within the community sentencing system;
5. Increase the availability of punishment and treatment options to eligible felony offenders;
6. Improve the criminal justice system within this State through public/private partnerships, reciprocal and interlocal governmental agreements, and interagency cooperation and collaboration; and
7. Operate effectively within the allocation of state and local resources for the criminal justice system.

Preface

The Community Sentencing Division of the Oklahoma Department of Corrections prepared the 2009 Community Sentencing Act Annual Report in compliance with the requirements of 22 O.S. § 988.15.13.

Introduction

The Oklahoma Community Sentencing Act was implemented in pilot councils in March 2000. As of June 30, 2012, the community sentencing system had been operational on a statewide basis for 12 full years. During FY 2012, funding was provided for 28 community sentencing systems, 18 single county and 10 multicounty, encompassing 44 of the state’s 77 counties.

Community Sentencing Act eligibility criteria was changed during legislative session and as of November 1, 2011, offenders scoring outside the low range on the LSI-R and having been convicted of at least one prior felony are eligible for a Community Sentence and State funded community punishments.
