- Arch design resists wear from ladders and fast-roping
- Open cell air mesh foam and breathable liner wick moisture, regulate temperature, and prevent odor using Aegis®
- Oil- and slip-resistant rubber outsole for excellent traction
- NTOA member tested and approved for military and tactical work
- FREE optional fit inserts included

The Series 100® 8” Side Zip Boot delivers dependable comfort and durability for tactical operations, combat missions, and extended patrols. Premium memory foam insoles provide superior cushioning, while the breathable liner wicks moisture and regulates temperature to keep feet dry and comfortable during work. Engineered with polishable full grain leather and 1000D nylon uppers, these boots maintain a professional military appearance while standing up to rigorous use. The YKK side zippers and friction-resistant speed lacing system allow quick deployment when seconds count in combat.
