- Engineered using true U.S. sizing for optimal fit and weight distribution
- NTOA member tested and approved
- FREE optional fit inserts included

Keep your feet dry and comfortable through long shifts with the Series 100® 8" Waterproof Side Zip Boot. Made with full grain leather and durable 1000D nylon, these boots deliver lasting protection in demanding conditions. The memory foam insole provides support during extended wear, while HydroGuard® waterproofing keeps moisture out when you need it most. The friction-resistant speed lacing system ensures a secure fit, complemented by the convenient side zip for quick readiness. Built with reinforced stitching and a specialized arch design, these boots stand up to ladder work and intense use.
