- Engineered using true US sizing for superior fit
- NTOA member tested and approved
- FREE optional fit inserts included

The Series 100® 6" Waterproof Side Zip Boot delivers reliable protection and comfort when your duties take you through challenging terrain and weather. Built with polishable full grain leather and durable 1000D nylon uppers, these boots maintain a professional appearance while standing up to demanding conditions. The HydroGuard® waterproof system keeps moisture out during wet operations, while the premium memory foam insole and breathable liner provide the support and comfort needed for extended wear. With reinforced stitching and a friction-resistant speed lacing system, these boots offer tactical reliability when every step counts.
