The Propper® Series 100® 6-inch Side Zip Boot Waterproof Comp Toe delivers essential protection without compromising comfort during demanding shifts. Built with polishable full grain leather and durable 1000D nylon upper, these boots provide reliable performance in tough environments. The premium memory foam insole and breathable liner keep your feet comfortable and dry all day, while the ASTM-rated composite safety toe and electric hazard protection offer crucial safeguards. Engineered with true US sizing and HydroGuard® waterproofing, these boots ensure dependable service across diverse conditions.
