Built for demanding duty environments, the Series 100® 8" Coyote Composite Toe Boot delivers dependable protection and all day comfort without slowing you down. Durable leather and Cordura® nylon construction stand up to repeated wear from ladders, fast roping, and long hours on your feet, while the supportive design helps maintain comfort and balance throughout the day. A composite safety toe provides trusted protection on the job, and a side zipper with speed lacing allows for quick on and off when time matters. Designed for reliable performance in the field or on base, this boot is a proven choice for professionals who need durability, comfort, and confidence every step of the way.
