

INFORMATION FOR MODIFIED DRIVER'S LICENSE FORM

Authority: **47 O.S. Section 754.1 & 47 O.S. Section 755**

Whenever an person seeks a Modified Driver's License from the Department of Public Safety ("DPS") **or** is offered a Modified Driver's License by the Department, the "**Information For Modified Driver's License**" form must be completed. This form advises DPS as to the driving needs of the person seeking a Modified Driver's License.

A Modified Driver's License can only be granted by the Department prior to an administrative hearing concerning the merits of the potential revocation. A Modified Driver's License is only granted when the Department determines that the individual does not have any other adequate means of transportation. A Modified Driver's License only authorizes the use of Class D motor vehicles.

Further, as a prerequisite and condition of any modification, the person shall be required to have installed an ignition interlock device at the person's own expense, upon every motor vehicle operated by the person. An ignition interlock device is also required to be installed upon employer vehicles operated by the person except when the employer requests the ignition interlock device not be installed. The request shall be in writing and notarized on the official letterhead of the employer and provided by the person to DPS. Under certain circumstances, such as where the person is self employed or owns part of the company, the person is employed by relatives within the first degree of consanguinity or the person resides in the same household as the employer, or when the person has had a prior revocation, DPS will not accept the request to allow the company vehicle to be driver by the person without the device being installed.

In connection with this type of modification, the person shall be required to tender a cashier's check, money order, or attorney trust account check in the amount of the One Hundred Seventy-five Dollars (\$175.00) statutory modification fee, made payable to DPS.

In addition to completing the "**Information For Modified Driver's License**" form, the person seeking a Modified Driver's License will also have to complete a "**Criteria For Offering Modification**" form as part of the application process. These completed forms must be mailed to: **DPS Legal Division, P.O. Box 11415, Oklahoma City, OK 73136-0415** **or** hand delivered to **DPS** at **3600 Martin Luther King Ave., Oklahoma City, OK**.

Once the person's application for a Modified Driver's License has been approved by DPS, the person will be mailed instructions for the installation of the interlock device. The ignition interlock device should **not** be installed until the person is instructed to have it installed.
