EXECUTIVE SUMMARY

INTRODUCTION

Pursuant to [26 O.S. § 3-130](#), State Election Board Secretary Paul Ziriak directed forty-three (43) county election boards to conduct post-election manual tabulation audits of the Runoff Primary Election held on Tuesday, August 23, 2022.

The post-election audits were conducted November 29-30, 2022, and were open to the public. Each County Election Board posted a public notice of the date, time and location of its post-election audit in advance. Additionally, the State Election Board notified the public about the upcoming post-election audits on its website and through the State Election Board's electronic news delivery system.

The post-election audits were conducted pursuant to the procedures developed in advance under the direction of the Secretary of the State Election Board. Each post-election audit included a manual tabulation of votes cast in each race that was audited.

Participating precincts and races were randomly selected for the post-election audits. Additionally, two candidate-requested recounts of the August 23, 2022, election are also included in this report.

The results of each manual post-election tabulation audit confirmed the certified election results. The post-election audit identified zero differences compared to the certified election results.
