

WELCOME!

Welcome to the Grant County Health Department. Our team is devoted to providing a friendly atmosphere where you feel welcomed. Our health department has high-quality programs and services that serve the needs of the entire family. We also assist with locating local and state resources such as Medicaid. We are guided by the needs of those we serve. As needs change, so do we. Thank you for allowing us to serve the Grant county community.

Maggie Jackson

MPH, CHES

Oklahoma Women, Infants & Children Program (WIC)

Nutrition education and supplemental food program for low-income pregnant, breastfeeding and postpartum women, infants and children up to age five.

No-cost benefits include:

- Private consultations with dietitians
- Online nutrition education
- Variety of nutritious foods

Eligibility based on nutritional risk and income. If you are enrolled in SoonerCare or receiving Medicaid, SNAP or TANF, you are automatically eligible for WIC benefits.

Call 1-888-OKLAWIC to learn more.

This institution is an equal opportunity provider.

Family Planning

Promotes family involvement and provides education and outreach activities. All services are voluntary and confidential.

Family Planning services are offered on a sliding scale, based on income. Services will not be denied due to inability to pay.

Tuberculosis (TB) Screening

Confidential screening, for individuals who have possible or known exposure, are symptomatic.

Services include evaluation and treatment for active disease and latent infection, investigations, consultations, education and referrals.

Call for screening days, times and additional details.

In the Community Mobile Wellness Unit

Public Health on the Go!

As an extension of the local county health department, mobile wellness units, in conjunction with area providers, are utilized to connect people to health services in various settings in under-resourced areas throughout northwest central Oklahoma.
