

# Grady County Health Department

## WELCOME!

We want you to feel comfortable and enjoy your experience when you visit us. Our staff offer confidential and free or low cost services to help improve and protect the health of our community. We provide immunizations for children and adults, maternal and child health services, tuberculosis screenings, COVID testing and vaccinations, and much more. We also protect the community through services including restaurant and pool inspections, disease monitoring and investigation, and assessing the health needs of Grady County.
