

## OKLAHOMA BREASTFEEDING DECAL ORDER FORM

Oklahoma legislation ensures that women have the right to breastfeed in public. The Oklahoma State Department of Health would like to encourage public establishments to display a decal in a visible location, which communicates that nursing mothers and babies are welcome. The decal would help breastfeeding women and their families recognize places that welcome them.

**Please respond with the number of decals (pictured below) you would like to receive, the address where you would like the decals mailed, and the type of business that best represents your establishment.** For information on becoming an Oklahoma Recognized Breastfeeding Friendly Worksite, please visit our website at [www.oklahoma.gov/health/breastfeeding](http://www.oklahoma.gov/health/breastfeeding).
