

Oklahoma Child Sexual Abuse Prevention Directory

Updated Summer 2026

OKLAHOMA
State Department of Health

The Oklahoma Child Sexual Abuse Prevention Workgroup was developed to address Oklahoma programs focused on child sexual abuse prevention, prevention of problematic sexual behavior of youth, sex education, and/or healthy relationships for youth. One of Workgroup's goals was to develop an inventory of programs in Oklahoma designed to address at least one of these topics:

- Prevention of child sexual abuse
- Prevention of problematic sexual behavior of youth
- Sex education
- Healthy relationship building

Childhood sexual abuse is a significant public health problem, with deleterious emotional, social, behavioral, and mental health outcomes for victims. The Oklahoma Child Sexual Abuse Prevention Workgroup was established to examine the efforts and gaps in addressing the prevention of child sexual abuse in Oklahoma. The Workgroup is composed of members from state and nonprofit agencies who have programs focused on child sexual abuse prevention, childhood problematic sexual behavior, sex education, and/or healthy relationships for youth. One of the initial efforts of the workgroup was to develop and distribute a survey to inventory and assess the gaps of child abuse prevention education and healthy relationship building services in Oklahoma. This directory of prevention services provides information about child sexual abuse programs in Oklahoma. For each program, the directory provides a description of the prevention program, targeted audience, topics addressed, counties served, ways to access the services and links to additional information. An annual update of the directory is planned.

If your program is not included in this directory and you would like to be included please fill out the survey linked below.

Program/Agency Details Page

Each program or agency listed within the Program and Program Topics table has a details page. The details page provides additional information about the program or agency outside of the program topics displayed within the Program and Program Topics table. Information about the program's or agency's offerings, outside of general contact information, resources, and a description of the program or agency, will be in bold text with a blue highlight to help draw attention to what each program or agency has to offer.

PROGRAM DESCRIPTION OBJECTIVE OF PROGRAM The purpose of this program is to act as interactive tool for the students to learn about the importance of sex education. They will learn the "Five of Whiffles" with the help of the teacher. The teacher will provide them their own set of questions and they will have to answer them on their own. They will also be given a quiz and they will have to answer it. The teacher will also provide them with a list of questions and they will have to answer them on their own. PROGRAM Oklahoma Youth Leadership Forum	AGENCY Oklahoma Developmental Disabilities Council
DESCRIPTION OF PROGRAM Oklahoma has added sexuality to the national YLF curriculum. While we would like to do more, we only have 2 sessions (about 120 minutes) during our week. Sessions include question and answers, where students submit anonymous questions over anything they want to ask and our sexuality educators answer. The other session is more about consequences of choices. Students in attendance are high school age (10th,11th, and 12th) as well as are statewide.	STEPS TO ACCESS PROGRAM Students complete an application and interview. The YLF is funded completely by the Developmental Disabilities Council, so there is a limit of 25 students selected.
