**CRC Task force and Upcoming changes to Colorectal Campaign :**

Presented by Kasey Volpe and Lindsey Diel from American Cancer Society

**CRC Task force** separate in many task group to

- Start focusing in the Central Oklahoma area.
- is made up of representatives from major health systems with the common goal of addressing continuity of care.
- Focus on improving the rate of screening; increasing access to care, process navigation, and awareness and education for both providers and patients; and decreasing mortality rates.

- Oklahoma was ranked last place in the country for screening cancer.
- The meeting is scheduled once a month, attendees are welcomed to attend. Next meeting is on March 21, 2019 at 3-5 p.m. at ASC office: 6525 N Meridian Ave., OKC, OK.
- Informed the members of the upcoming the watch party “80% colorectal cancer screening rate in every community” live from Atlanta, GA is on in March 7, 2019. at American Cancer Society office at 1-2 p.m. The goal for the campaign is to reach at least 80% of patient in every community to receive colorectal cancer screening rate by 2018. In 2019, the American Cancer Society and National Colorectal Cancer Roundtable have made progress on the campaign.
- It can also be located at the National Colorectal Cancer Roundtable Website.
- American Cancer Society has updated the guidelines for colorectal cancer screening: age 45 and older are recommended to receive screening.
- Answered questions at the end of the presentation.
- For more information, please contact Kasey Volpe and Lindsey Diel.

**Tia:** reminded members again that Stephenson Cancer Center is having a watch party “The 80% In Every Community Campaign Launch”. There will be a food truck vendor, cake, and cookies at the event. Anybody was welcomed to attend.

### **Workgroup:**

- Members participated in workgroups at 10:15am.
