BEDDING PERMIT APPLICATION FORM

GERMICIDAL METHOD

(This page must be completed for Initial Germicidal Permits or in the event germicidal processes change ONLY.)

(1.6
Please check the following methods of cleaning that will be used (check all that apply): Dry Method – thoroughly brushed and vacuumed to remove all dirt & debris; not to be used with stained bedding or where particles cannot be removed (310:215-5-2. (d)) LABEL: Physical Cleaning - Dry Wet Method – washed thoroughly with detergent & warm/hot water then rinsed to remove all accumulated detergent, dislodged soil and stains (310:215-5-2. (e)) LABEL: Physical Cleaning - Wet

The following insecticide will be used to thoroughly dampen the surface: The insecticide will be applied by (check all that apply): Adding to the wash water (if wet method used) Adding to the rinse water (if wet method used) Applied separately Other:

The following germicide will be used to thoroughly dampen the surface to ensure total surface contact: Steri-Fab Micro Ban Other: If Other, please provide registration verification from the U.S. Environmental Protection Agency (EPA) & the Oklahoma State Department of Agriculture, Food & Forestry (ODAFF). The germicide will be applied by (check all that apply): Adding to the wash water (if wet method used) Adding to the rinse water (if wet method used) Applied separately using the following equipment: Other: Will the germicide contain fluorescent particles? Yes No ************************************
I affirm the germicidal process outlined above will completely leave bedding products clean and free of germs, insects, stains and odors. Bedding will also be tagged using the appropriate label statements and yellow tags. Owner/Manager Name: Title:
