

New ROVER Log in process

Users that have an active username and valid password at transition will need to follow the process flow detailed below to self-serve and complete the mandatory Security Information process the first time they log into ROVER.

The first time the User logs into ROVER, they will see the Username and Password prompts on the first two screens as pictured. This will be the only time that the Security Questions and Image screens do not appear for the User, as they have not been set up. Please note that Username and Password fields are case sensitive.

⚠ WARNING:
The purpose of the Registering Oklahoma Vital Event Records (ROVER) database is to support the needs of the Oklahoma State Department of Health and other users such as Funeral Directors, Attending Physicians, Medical Examiners and Delivering Hospitals. This database may be used only for the purpose for which it is provided. Any attempt to file fraudulent Certificates of Birth, Death or Stillbirth is punishable in accordance with Oklahoma Statutes.
By accessing this system, I agree to use this system only for the purpose of filing a Certificate of Birth, Death or Stillbirth where that vital event has occurred in the State of Oklahoma.
I understand that failure to adhere to the above agreement will result in loss of access to OSDH Internet databases, and I may be subject to legal penalties.
