EMERGENCY SYSTEMS: Orientation to Box

What is AT&T 

It is a portal that allows authorized users to securely manage, share and access their content from anywhere.

It allows users to access to files (ability to download and upload files)

EMERGENCY SYSTEMS: Orientation to Box

Benefits of Using Box

Benefit for you and OSDH

- Ease of collaboration
- Ease of access
- Familiarity with usage format
- Central content hub
- Reduces paper usage
- Enhances control of data transmission

Implementation

Which Emergency Systems program does this include?

- TRAUMA FUND
- Major Trauma Case List
- Response to List
- Final List (only if applicable)

EMERGENCY SYSTEMS: Orientation to Box

What Does Not Change:

OKEMSIS data is still entered the same way, and PRCs are due by the last day of the following month in which the event occurred. All PCR's must be entered into OKEMSIS

Cases not entered in OKEMSIS will not be eligible for Trauma Fund

EMS Trauma Fund application is still to be submitted according to the instructions in the Director letter and documents on the webpage
