Rooms A & B
1001 N Country Club Rd
Ada, OK 74820
PH: (580) 436-2603

The Oklahoma State Department of Health announces a Tribal Consultation will be conducted to seek input and comments on the **Oklahoma State Innovation Model (OSIM) Design Plan.**

This comprehensive plan focuses on the improvement of statewide health outcomes through multi-payer and healthcare delivery system innovation and redesign, while integrating evidence-based population and clinical interventions.

The goal of the OSIM is to provide state based solutions to Oklahoma's healthcare challenges. Oklahoma's plan aims to improve health, provide better care and reduce health expenditures for more all Oklahomans.

The purpose of this tribal consultation is to present the proposed OSIM value based model and receive tribal nation input and feedback.

Feedback will be used to better refine and develop the OSIM model for the final proposal to be submitted to the Centers for Medicare and Medicaid Services in March 2016.

- For more information about OSIM and the design plan please visit:
