Dr. Krishna moved Board approval to endorse the Oklahoma Health Improvement Plan as presented. Second Dr. Stewart. Motion carried.
AYE: Alexopulos, Burger, Gerard, Grim, Krishna, Starkey, Stewart, Woodson
ABSENT: Wolfe

CONSIDERATION OF STANDING COMMITTEES’ REPORTS AND ACTION

Executive Committee
Dr. Woodson provided a brief overview of the initial Tri-Board Joint Executive Committee meeting for the Oklahoma City-County Board of Health, Tulsa City-County Board of Health, and Oklahoma State Board of Health. The initial meeting was successful in identifying common goals and objectives all for the benefit of the state of Oklahoma.

Martha Burger will chair the 2015 annual retreat planning committee. Dr. Gerard, Tim Starkey, and Dr. Grim will also serve on this committee. The committee will work with the retreat facilitator over the next few months to plan the retreat.

Dr. Krishna will chair the Nominating Committee and Dr. Alexopulos and Dr. Stewart will serve on the committee. The committee will provide their report during the June Board meeting for election of officers effective July 1st.

Finance Committee
Ms. Wolfe directed attention to the Financial Brief provided to each Board member and presented the following SFY 2015 Finance Report and Board Brief as of February 23, 2015:

Budget and Expenditure Forecast
- As of February 23, 2015
- Approximately $415 million budgeted for state fiscal year 2015
- Forecasted expenditure rate of 98.49% through June 30, 2015
- “Green light” overall for the department and for each division within the department

The Financial Brief focused on the Carter County Health Department Budget
- The brief provided a comparison between the overall OSDH budget and the portion of its budget directed at Carter County.
- The discussion highlighted the role of millage funding in providing public health services.
- It also highlighted the categorical budget differences between a county health department and a state health department.

Accountability, Ethics, & Audit Committee
The Accountability, Ethics, & Audit Committee met with Jay Holland. Dr. Alexopulos indicated there were no known significant audit issues to report at this time.

Public Health Policy Committee
The Policy Committee met on Tuesday, March 10, 2015. Dr. Gerard indicated the Committee discussed legislative agenda items, budget request items and the significance of the reduction in the amount of funds available for appropriation for SFY-16.

The Committee discussed several important pieces of legislation proceeding through the legislative process including: HB1685 and SB 674 which are the 24/7 Tobacco Free School Acts, SB 126 which authorizes the Department to contract for Advance Directive Registry services, HB 1408 which exempts persons selling only whole, uncut fruits, vegetables and melons and/or un-cracked and unprocessed nuts from food establishment licenses, and HB 1948 which pertains to the Prescription Monitoring Program. There was also discussion of SJR 24 which would allow for an initiative petition to remove exemptions from the Smoking in Public Places and Workplaces Act.

Members should be receiving legislative update reports each Monday. If Board members have any policy questions, they should feel free to contact Mark Newman at any time.

The next meeting of the Policy Committee will be prior to the April Board Meeting.
OKLAHOMA STATE BOARD OF HEALTH MINUTES                              March 10, 2015

PRESIDENT'S REPORT
Dr. Woodson briefly discussed the launch of the Oklahoma Health Improvement Plan (OHIP). The OHIP is a statewide health improvement plan developed by a broad-based group called the OHIP team convened by the Board of Health. It’s been 5 years since the first OHIP plan was released and at that time, Oklahoma ranked 49th nationally in health outcomes and now ranks 46th. As discussed earlier in the agenda, we have made improvements in infant mortality, adolescent obesity, and adult & youth smoking rates during this time. Each Board received an advance copy of OHIP 2020 Plan Healthy Oklahoma 2020 and the hardcopy plans will be made available through the OSDH Office of Communications. Dr. Woodson encouraged all to attend the launch event held in Noble, Ok.

COMMISSIONER'S REPORT
Dr. Cline thanked Mendy Spohn and her staff for their efforts to host the March Board of Health meeting.

Dr. Cline briefly commented on the most recent Senate and House Budget Hearings as well as two Legislative Briefings conducted by the Department and directed at new Legislators to discuss the Governor’s priorities. The Governor has made Health a priority and it is important to educate the legislative body about health initiatives.

Dr. Cline also highlighted the Certified Healthy Awards ceremony, with more than 1,000 in attendance. Although the event is hosted and funded privately, the purpose is to recognize organizations across the state receiving certified healthy status. This event is a reflection of the enthusiasm across the state for improved health.

Dr. Cline highlighted the recent Bridges to Access meeting. There were hundreds of medical students in attendance whose primary focus around volunteerism and giving back to the community. The event is concluded by awarding the R. Murali Krishna award for volunteerism. Dr. Cline thanked Dr. Krishna for his leadership in this area and recognized Dr. Woodson’s daughter who instrumental in organize this same event in 2014.

Lastly, Dr. Cline ended his report with an overview of two events attended. Go Red For Women Day at the Capitol organized by the Heart Association. Martha Burger was in attendance and is an active leader in this cause. This is yet another example of the volunteerism of the Board of Health. Lastly, Dr. Cline mentioned a recent visit with Dr. Arias of the CDC. She serves as the principal advisor to the Director of the CDC and the meeting was focused around prescription drug misuse across the country. CDC is looking for opportunities to work with states to turn this epidemic around.

The report concluded.

NEW BUSINESS
No new business.

PROPOSED EXECUTIVE SESSION
No Executive Session.

ADJOURNMENT
The meeting adjourned at 12:16 pm.

Approved

Ronald W. Woodson, M.D.
President, Oklahoma State Board of Health

Don't take everything so seriously.
Have some fun!

Love County Hams it Up
Robertson's Ham Based in Marietta

- Winstar World Casino is the largest in the world.
- Love County courthouse was the first built after Oklahoma statehood.
Oklahoma Health Improvement Plan (OHIP)
The State’s Health Improvement Plan

- Short term - In 2008, the Oklahoma Legislature passed SJR-41 requiring the State Board of Health to develop a comprehensive health improvement plan for the “general improvement of the physical, mental and social wellbeing of all people in Oklahoma through a high functioning public health system.”

- Long term - Multi-sector governance process for plan development and long term implementation

PHAB Standards for State Health Improvement Plan

- Collaborative process with significant involvement from key stakeholder
- Desired measurable outcomes/Priorities for action
- Written from the perspective of the population
- Address social determinants (poverty, jobs & education)
- Higher health risks of specific populations
- Health equity
- Evidence based, promising or innovative practices
- Policy changes needed to accomplish
- Organizations accepting responsibility for implementing plan
- Consideration of Tribal, local and National priorities
OHIP BUSINESS SURVEY

More than 700 Oklahoma businesses participated in the Oklahoma Business Health and Wellness Survey.

Project Partners
- Oklahoma State Department of Health
- Office of the Governor of Oklahoma
- Oklahoma Department of Commerce
- Oklahoma Employment Security Commission
- State Chamber of Oklahoma Research Foundation
- Insure Oklahoma

Project Focus
- How does the health of the Oklahoma workforce affect business?
- What impact does access or lack of access to healthcare have on an employer's bottom-line?
- What barriers and challenges do employers face in providing health and wellness benefits?
- How and why do employers invest in employee wellness programs?
- Does workforce pool have necessary job skills?

Financial – Increasing Healthcare Cost Impacting Bottom Line
- 43% indicate they are less profitable for business growth
- 59% have had off on salary increases

Health Priorities – State Should Address by Health Priority
- Tobacco

Private/Public Partnerships – Business Open for Partnerships with Govt.
- Employer Wellness
- Wellness now Initiative

Insure Oklahoma
- Well Regarded Partnership for Coverage

OHIP FRAMEWORK
Tobacco Use Prevention

**CORE MEASURES**
- Reduce Adult Smoking
- Reduce Youth Smoking
- Reduce Tobacco Use

**SELECTED STRATEGIES**
- Comprehensive smoke free indoor public places (voluntary and statutory)
- Price point strategies
- Health communication campaigns
- Cessation systems
- Emerging products

Behavioral Health Improvement

**CORE MEASURES**
- Reduce untreated mental illness
- Reduce addiction disorders
- Reduce suicide deaths

**SELECTED STRATEGIES**
- Integrate behavioral health and primary care
- Implement or expand screening and treatment interventions (e.g., SBIRT)
- Screen persons in criminal justice system for SA/MH and treat/divert as appropriate
- Expand access to appropriate care for MH/SA disorders

Obesity Reduction

**CORE MEASURES**
- Reduce Adult Obesity
- Reduce Youth Obesity

**SELECTED STRATEGIES**
- Health In All Policies
- Improve Built Environment
- Community Asset Mapping
- Expand Certified Healthy Oklahoma

Health Education

**CORE MEASURES**
- Increase schools adopting coordinated school health model
- Increase institutes of higher education adopting standards for health promotion
- Increase motivational interviewing (MI)
- Address health literacy in OHIP

**SELECTED STRATEGIES**
- Excellence level Certified Healthy Schools
- Excellence level Certified Healthy campus
- Increase MI trainers available
- Incorporate health literacy review and testing across OHIP flagship issues
- Organizational assessments of health literacy capability

Children’s Health Improvement

**CORE MEASURES**
- Reduce Infant Mortality
- Reduce Maternal Mortality
- Reduce Child and Adolescent Injury Mortality

**SELECTED STRATEGIES**
- Reduce teen birth rate
- Increase childhood immunization
- Reduce adverse childhood events
- Increase prenatal care
- Increase families in evidence based home visitation programs

Health Transformation

**CORE MEASURES**
- Reduce Heart Disease Deaths
- Reduce preventable hospitalizations
- Reduce growth in healthcare expenditures

**SELECTED STRATEGIES**
- Value based payment models
- Care coordination for chronic conditions
- Multi-payer alignment of goals
- Use of clinical preventive services
- Electronic health records/Health Information Exchange (HIE)
- Improve access/accessibility to care
Private Public Partnership
