Emergency Adoptions

"If an agency finds that a rule is necessary as an emergency measure, the rule may be promulgated" if the Governor approves the rules after determining "that the rule is necessary as an emergency measure to do any of the following:

- a. protect the public health, safety or welfare,
- b. comply with deadlines in amendments to an agency's governing law or federal programs,
- c. avoid violation of federal law or regulation or other state law,
- d. avoid imminent reduction to the agency's budget, or
- e. avoid serious prejudice to the public interest." [75 O.S., Section 253(A)]

An emergency rule is considered promulgated immediately upon approval by the Governor, and effective immediately upon the Governor's approval or a later date specified by the agency in the emergency rule document. An emergency rule expires on September 15 following the next regular legislative session after its promulgation, or on an earlier date specified by the agency, if not already superseded by a permanent rule or terminated through legislative action as described in 75 O.S., Section 253(H)(2).

Emergency rules are not published in the *Oklahoma Administrative Code*; however, a source note entry, which cites to the *Register* publication of the emergency action, is added to the *Code* upon promulgation of a superseding permanent rule or expiration/termination of the emergency action.

For additional information on the emergency rulemaking process, see 75 O.S., Section 253.

FINDING OF EMERGENCY:

Pursuant to Title 75 O.S. Section 253, the Department adopts superseding emergency rules to replace the previously adopted emergency rules for Chapter 681. Emergency rulemaking is sought based on advice from the Attorney General's Office to amend the emergency rules previously adopted pursuant to the passage of State Question 788 and as codified at 63 O.S. § 420 *et seq.* Title 63 O.S. § 420(C) states: "A regulatory office shall be established under the Oklahoma State Department of Health which will receive applications for medical license recipients, dispensaries, growers, and packagers within sixty (60) days of the passage of this initiative." Title 63 O.S. § 423(C) further states: "within sixty (60) days of passage of this initiative, make available a set of standards which will be used by licensed processors in the preparation of edible marijuana products."

The language requires the Department to create a process to receive, review and issue license applications within timeframes established in State Question 788, which passed on June 26, 2018. Delay in adoption of these superseding emergency rules until the forthcoming legislative session would cause the Department to fail to comply with state law, therefore satisfying a finding of an emergency pursuant to 75 O.S. § 253(A)(1)(c).

This superseding emergency rulemaking action is necessary to promulgate rules in compliance with statutory authority pertaining to rules on medical marijuana and individual and commercial licensees.

GIST/ANALYSIS:

These emergency rules implement the agency's requirements from the passage of State Question 788 and as codified at 63 O.S. § 420 *et seq.* The proposed superseding emergency rules set forth the Department's revised definitions and requirements for the approvals of medical marijuana patient, caregiver, dispensary, grower, researcher and processor licenses. The superseding Chapter language substantially revises the previously adopted Chapter to narrow the scope of the rules.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING EMERGENCY RULES ARE CONSIDERED PROMULGATED UPON APPROVAL BY THE GOVERNOR AS SET FORTH IN 75 O.S., SECTION 253(F), AND EFFECTIVE UPON APPROVAL BY THE GOVERNOR OR AUGUST 25, 2018, WHICHEVER IS LATER:
