Healthy Aging: Living Longer Better collaborative to*

SUPPORT HEALTHY BEHAVIORS

### STRATEGY IMPLEMENTED / OUTCOMES TO DATE:

We have recently started a Falls Committee to track falls and provide education to staff, patients, and families. We are planning to develop a comprehensive falls program that is specific to each unit of our facility. We are looking at areas where additional staffing may be used, and updates to charting, to ensure that all falls prevention strategies are followed. We are also implementing a new alarm system to toilets, beds, and chairs to assist with reduction in falls. / Although our group is new, our facility has been working to reduce falls throughout the year.
